Modification to the Development Program for Development District No. 17

FOREWORD

The following text represents a Modification to the Development Program for Development District No. 17. This modification represents a continuation of the goals and objectives set forth in the Development Program for Development District No. 17. Generally, the substantive changes include the establishment of Tax Increment Financing District No. 35: St. Louis County Jail.

For further information, a review of the Development Program for Development District No. 17, is recommended. It is available from the Senior Housing Developer at the City of Duluth. Other relevant information is contained in the Tax Increment Financing Plans for the Tax Increment Financing Districts located within Development District No. 17.

Tax Increment Financing Plan for Tax Increment Financing District No. 35: St. Louis County Jail

FOREWORD

The Duluth Economic Development Authority ("DEDA"), the City of Duluth (the "City"), staff and consultants have prepared the following information to expedite the Establishment of Tax Increment Financing District No. 35: St. Louis County Jail (the "District"), a redevelopment tax increment financing district, located in Development District No. 17.

STATUTORY AUTHORITY

Within the City, there exist areas where public involvement is necessary to cause development or redevelopment to occur. To this end, DEDA and City have certain statutory powers pursuant to *Minnesota Statutes ("M.S.")*, Sections 469.124 - 469.133, 469.090 - 469.1082, inclusive, as amended, and *M.S.*, Sections 469.174 to 469.1794, inclusive, as amended (the "Tax Increment Financing Act" or "TIF Act"), to assist in financing public costs related to this project.

This section contains the Tax Increment Financing Plan (the "TIF Plan") for the District. Other relevant information is contained in the Modification to the Development Program for Development District No. 17.

STATEMENT OF OBJECTIVES

The District currently consists of one parcel of land and adjacent roads and internal rights-of-way. The District is being created to facilitate the renovation of the former St. Louis County Jail into a 32-unit residential housing apartment building in the City. DEDA intends to enter into an agreement with New Burnham LLC as the developer. Development is anticipated to begin in 2022. This TIF Plan is expected to achieve many of the objectives outlined in the Development Program for Development District No. 17.

The activities contemplated in the Modification to the Development Program and the TIF Plan do not preclude the undertaking of other qualified development or redevelopment activities. These activities are anticipated to occur over the life of Development District No. 17 and the District.

DEVELOPMENT PROGRAM OVERVIEW

Pursuant to the Development Program and authorizing state statutes, DEDA or City is authorized to undertake the following activities in the District:

1. Property to be Acquired - Selected property located within the District may be acquired by DEDA or the City and is further described in this TIF Plan.
2. Relocation - Relocation services, to the extent required by law, are available pursuant to *M.S., Chapter 117* and other relevant state and federal laws.
3. Upon approval of a developer’s plan relating to the project and completion of the necessary legal requirements, DEDA or City may sell to a developer selected properties that it may acquire within the District or may lease land or facilities to a developer.
4. DEDA or City may perform or provide for some or all necessary acquisition, construction, relocation, demolition, and required utilities and public street work within the District.

DESCRIPTION OF PROPERTY IN THE DISTRICT AND PROPERTY TO BE ACQUIRED

The District encompasses all property and adjacent roads rights-of-way and abutting roadways identified by the parcels listed below.

Parcel number	Address	Owner
010-1250-00330	521 W 2nd St	Jail Holdings LLC

Please also see the map in Appendix A for further information on the location of the District.

DEDA or City may acquire any parcel within the District including interior and adjacent street rights of way. Any properties identified for acquisition will be acquired by DEDA or City only in order to accomplish one or more of the following: storm sewer improvements; provide land for needed public streets, utilities and facilities; carry out land acquisition, site improvements, clearance and/or development to accomplish the uses and objectives set forth in this plan. DEDA or City may acquire property by gift, dedication, condemnation or direct purchase from willing sellers in order to achieve the objectives of this TIF Plan. Such acquisitions will be undertaken only when there is assurance of funding to finance the acquisition and related costs.

DISTRICT CLASSIFICATION

DEDA and City, in determining the need to create a tax increment financing district in accordance with *M.S., Sections 469.174 to 469.1794*, as amended, inclusive, find that the District, to be established, is a redevelopment district pursuant to *M.S., Section 469.174, Subd. 10(a)(1)*.

- The District is a redevelopment district consisting of one parcel.
- An inventory shows that parcels consisting of more than 70 percent of the area in the District are occupied by buildings, streets, utilities, paved or gravel parking lots or other similar structures.
- An inspection of the buildings located within the District finds that more than 50 percent of the buildings are structurally substandard as defined in the TIF Act. (See Appendix D).

Pursuant to *M.S., Section 469.176, Subd. 7*, the District does not contain any parcel or part of a parcel that qualified under the provisions of *M.S., Sections 273.111, 273.112, or 273.114 or Chapter 473H* for taxes payable in any of the five calendar years before the filing of the request for certification of the District.

DURATION & FIRST YEAR OF DISTRICT'S TAX INCREMENT

Pursuant to *M.S., Section 469.175, Subd. 1, and Section 469.176, Subd. 1*, the duration and first year of tax increment of the District must be indicated within the TIF Plan. Pursuant to *M.S., Section 469.176, Subd. 1b.*, the duration of the District will be 25 years after receipt of the first increment by DEDA or City (a total of 26 years of tax increment). DEDA or City elects to receive the first tax increment in 2024, which is no later than four years following the year of approval of the District.

Thus, it is estimated that the District, including any modifications of the TIF Plan for subsequent phases or other changes, would terminate after 2049, or when the TIF Plan is satisfied. DEDA or City reserves the right to decertify the District prior to the legally required date.

ORIGINAL TAX CAPACITY, TAX RATE & ESTIMATED CAPTURED NET TAX CAPACITY VALUE/INCREMENT & NOTIFICATION OF PRIOR PLANNED IMPROVEMENTS

Pursuant to *M.S., Section 469.174, Subd. 7 and M.S., Section 469.177, Subd. 1*, the Original Net Tax Capacity (ONTC) as certified for the District will be based on the market values placed on the property by the assessor in 2021 for taxes payable 2022.

Pursuant to *M.S., Section 469.177, Subds. 1 and 2*, the County Auditor shall certify in each year (beginning in the payment year 2024) the amount by which the original value has increased or decreased as a result of:

1. Change in tax exempt status of property;
2. Reduction or enlargement of the geographic boundaries of the district;
3. Change due to adjustments, negotiated or court-ordered abatements;
4. Change in the use of the property and classification;
5. Change in state law governing class rates; or
6. Change in previously issued building permits.

In any year in which the current Net Tax Capacity (NTC) value of the District declines below the ONTC, no value will be captured and no tax increment will be payable to DEDA or City.

The original local tax rate for the District will be the local tax rate for taxes payable in 2022, assuming the request for certification is made before June 30, 2022. The ONTC and the Original Local Tax Rate for the District in the table below are for taxes payable in 2021 since the local tax rate for taxes payable in 2022 was not available at time of the TIF Plan preparation.

Pursuant to *M.S., Section 469.174 Subd. 4 and M.S., Section 469.177, Subd. 1, 2, and 4*, the estimated Captured Net Tax Capacity (CTC) of the District, within Development District No. 17, upon completion of the projects within the District, will annually approximate tax increment revenues as shown in the table below. DEDA and City request 100 percent of the available increase in tax capacity for repayment of its obligations and current expenditures, beginning in the tax year payable 2024. The Project Tax Capacity (PTC) listed is an estimate of values when the projects within the District are completed.

Project Tax Capacity	
Project estimated Tax Capacity upon completion	106,722
Original estimated Net Tax Capacity	1,035
Fiscal Disparities	0
Estimated Captured Tax Capacity	105,687
Original Local Tax Rate	141.9420% Pay 2021
Estimated Annual Tax Increment	\$150,014
Percent Retained by the City	100%

Note: Tax capacity includes a 3% inflation factor for the duration of the District. The tax capacity included in this chart is the estimated tax capacity of the District in year 25. The tax capacity of the District in year one is estimated to be \$26,250.

Pursuant to *M.S., Section 469.177, Subd. 4*, DEDA shall, after a due and diligent search, accompany its request for certification to the County Auditor or its notice of the District enlargement pursuant to *M.S., Section 469.175, Subd. 4*, with a listing of all properties within the District or area of enlargement for which building permits have been issued during the eighteen (18) months immediately preceding approval of the TIF Plan by the municipality pursuant to *M.S., Section 469.175, Subd. 3*. The County Auditor shall increase the original net tax capacity of the District by the net tax capacity of improvements for which a building permit was issued.

DEDA has reviewed the area to be included in the District and determined no building permits have been issued during the 18 months immediately preceding approval of the TIF Plan.

SOURCES OF REVENUE/BONDS TO BE ISSUED

The total estimated tax increment revenues for the District are shown in the table below:

SOURCES	
Tax Increment	\$2,706,214
Interest	270,621
TOTAL	\$2,976,835

The costs outlined in the Uses of Funds will be financed primarily through the annual collection of tax increments. DEDA or City reserves the right to incur bonds or other indebtedness as a result of the TIF Plan. As presently proposed, the projects within the District will be financed by pay-as-you-go notes and interfund loans. Any refunding amounts will be deemed a budgeted cost without a formal TIF Plan Modification. This provision does not obligate DEDA or City to incur debt. DEDA or City will issue bonds or incur other debt only upon the determination that such action is in the best interest of the City.

DEDA or City may issue bonds (as defined in the TIF Act) secured in whole or in part with tax increments from the District in a maximum principal amount of \$1,910,562. Such bonds may be in the form of pay-as-you-go notes, revenue bonds or notes, general obligation bonds, or interfund loans. This estimate of total bonded indebtedness is a cumulative statement of authority under this TIF Plan as of the date of approval.

USES OF FUNDS

Currently under consideration for the District is a proposal to facilitate the renovation of the former St. Louis County Jail into a 32-unit apartment. DEDA and City have determined that it will be necessary to provide assistance to the project(s) for certain District costs, as described.

DEDA has studied the feasibility of the development or redevelopment of property in and around the District. To facilitate the establishment and development or redevelopment of the District, this TIF Plan authorizes the use of tax increment financing to pay for the cost of certain eligible expenses. The estimate of public costs and uses of funds associated with the District is outlined in the following table.

USES	
Land/Building Acquisition	\$ 500,000
Site Improvements/Preparation	200,000
Utilities	50,000
Other Qualifying Improvements	889,941
Administrative Costs (up to 10%)	270,621
PROJECT COSTS TOTAL	\$ 1,910,562
Interest	1,066,273
PROJECT AND INTEREST COSTS TOTAL	\$ 2,976,835

The total project cost, including financing costs (interest) listed in the table above does not exceed the total projected tax increments for the District as shown in the Sources of Revenue section.

Estimated costs associated with the District are subject to change among categories without a modification to this TIF Plan. The cost of all activities to be considered for tax increment financing will not exceed, without formal modification, the budget above pursuant to the applicable statutory requirements. Pursuant to *M.S., Section 469.1763, Subd. 2*, no more than 25 percent of the tax increment paid by property within the District will be spent on activities related to development or redevelopment outside of the District but within the boundaries of Development District No. 17, (including administrative costs, which are considered to be spent outside of the District) subject to the limitations as described in this TIF Plan.

ESTIMATED IMPACT ON OTHER TAXING JURISDICTIONS

The estimated impact on other taxing jurisdictions assumes that the redevelopment contemplated by the TIF Plan would occur without the creation of the District. However, DEDA or City has determined that such development or redevelopment would not occur "but for" tax increment financing and that, therefore, the fiscal impact on other taxing jurisdictions is \$0. The estimated fiscal impact of the District would be as follows if the "but for" test was not met:

Impact on Tax Base			
Entity	2020/Pay 2021 Total Net Tax Capacity	Estimated Captured Tax Capacity (CTC) upon completion	Percent of CTC to Entity Total
St. Louis County	205,797,844	105,687	0.0514%
City of Duluth	83,567,551	105,687	0.1265%
ISD 709 (Duluth)	93,009,780	105,687	0.1136%

Impact on Tax Rates				
Entity	Pay 2021 Extension Rate	Percent of Total	CTC	Potential Taxes
St. Louis County	66.2640%	46.68%	105,687	\$ 70,032
City of Duluth	41.6960%	29.38%	105,687	44,067
ISD 709 (Duluth)	28.0170%	19.74%	105,687	29,610
Other	5.9650%	4.20%	105,687	6,304
	141.9420%	100.00%		\$150,014

The estimates listed above display the captured tax capacity when all construction is completed. The tax rate used for calculations is the Pay 2021 rate. The total net capacity for the entities listed above are based on Pay 2022 figures. The District will be certified under the Pay 2022 rates, which were unavailable at the time this TIF Plan was prepared.

Pursuant to *M.S. Section 469.175 Subd. 2(b)*:

- (1) Estimate of total tax increment. It is estimated that the total amount of tax increment that will be generated over the life of the District is \$2,706,214;

- (2) Probable impact of the District on city provided services and ability to issue debt. An impact of the District on police protection is expected. With any addition of new residents or businesses, police calls for service will be increased. The police department forecasts approximately 150-165 calls for service may be generated annually. In addition, the project may require future intervention by other entities of the police department relating to repeat calls for service and excessive police services. The City does not expect that the proposed development, in and of itself, will necessitate new capital investment in vehicles or facilities. In addition, the police department determines it can manage the financial and non-financial impacts that may arise from the project under current operations and budget.

The probable impact of the District on fire protection is not expected to be significant. With any new residential development there is a possibility of medical or assist calls from the fire department. With additional rental residential developments being added to the City, there may be a need for an additional rental inspector in the future. At that time, a small vehicle would be needed but is not required at this time. The project will include building upgrades, including to the sprinkler system, which increases the safety of the building, the people using the building and the fire fighters responding to any structure fires. The City does not expect that the proposed development, in and of itself, will necessitate new capital investment in vehicles or facilities.

The impact of the District on public infrastructure is expected to be minimal. The development is not expected to significantly impact any traffic movements in the area. The current infrastructure for sanitary sewer, storm sewer and water will be able to handle the additional volume generated from the proposed development. Based on the development plans, there are no additional costs associated with street maintenance, sweeping, plowing, lighting and sidewalks.

The probable impact of any District general obligation tax increment bonds on the ability to issue debt for general fund purposes is expected to be minimal. It is not anticipated that there will be any general obligation debt issued in relation to this project, therefore there will be no impact on the City's ability to issue future debt or on the City's debt limit.

- (3) Estimated amount of tax increment attributable to school district levies. It is estimated that the amount of tax increments over the life of the District that would be attributable to school district levies, assuming the school district's share of the total local tax rate for all taxing jurisdictions remained the same, is \$534,162;
-

- (4) Estimated amount of tax increment attributable to county levies. It is estimated that the amount of tax increments over the life of the District that would be attributable to county levies, assuming the county's share of the total local tax rate for all taxing jurisdictions remained the same, is \$1,263,365;
- (5) Additional information requested by the county or school district. The City is not aware of any standard questions in a county or school district written policy regarding tax increment districts and impact on county or school district services. The county or school district must request additional information pursuant to *M.S. Section 469.175 Subd. 2(b)* within 15 days after receipt of the tax increment financing plan.

No requests for additional information from the county or school district regarding the proposed development for the District have been received.

SUPPORTING DOCUMENTATION

Pursuant to *M.S. Section 469.175, Subd. 1 (a), clause 7* the TIF Plan must contain identification and description of studies and analyses used to make the determination set forth in *M.S. Section 469.175, Subd. 3, clause (b)(2)* and the findings are required in the resolution approving the District.

- (i) In making said determination, reliance has been placed upon (1) written representation made by the developer to such effects, (2) review of the developer's proforma; and (3) City staff awareness of the feasibility of developing the project site within the District, which is further outlined in the City Council resolution approving the establishment of the District and Appendix C.
- (ii) A comparative analysis of estimated market value both with and without establishment of the District and the use of tax increments has been performed. Such analysis is included with the cashflow in Appendix B and indicates that the increase in estimated market value of the proposed development (less the indicated subtractions) exceeds the estimated market value of the site absent the establishment of the District and the use of tax increments.

DISTRICT ADMINISTRATION

Administration of the District will be handled by the Senior Housing Developer.

Appendix C: Findings Including But/For Qualifications

The reasons and facts supporting the findings for the adoption of the Tax Increment Financing Plan (TIF Plan) for Tax Increment Financing District No. 35: St. Louis County Jail (the “District”), as required pursuant to Minnesota Statutes, Section 469.175, Subdivision 3 are as follows:

1. *Finding that Tax Increment Financing District No. 35: St. Louis County Jail is a redevelopment district as defined in M.S., Section 469.174, Subd. 10.*

The District consists of one parcel and vacant right-of-way, with plans to redevelop the area for the renovation of the former St. Louis County Jail into a 32-unit residential housing apartment building. Parcels consisting of 70 percent of the area of the District are occupied by buildings, streets, utilities, paved or gravel parking lots or other similar structures and more than 50 percent of the buildings in the District, not including outbuildings, are structurally substandard to a degree requiring substantial renovation or clearance. (See Appendix D of the TIF Plan.)

2. *Finding that the proposed development, in the opinion of the City Council, would not reasonably be expected to occur solely through private investment within the reasonably foreseeable future and that the increased market value of the site that could reasonably be expected to occur without the use of tax increment financing would be less than the increase in the market value estimated to result from the proposed development after subtracting the present value of the projected tax increments for the maximum duration of Tax Increment Financing District No. 35: St. Louis County Jail permitted by the TIF Plan.*

The proposed development, in the opinion of the City, would not reasonably be expected to occur solely through private investment within the reasonably foreseeable future: This finding is supported by the fact that the redevelopment proposed in the TIF Plan meets the City’s objectives for redevelopment. Due to the high cost associated to rehabilitation of the former St. Louis County Jail, this project is only feasible through public assistance, in part, from tax increment financing. The developer was asked for and provided a letter and a pro forma as justification that the developer would not have gone forward without tax increment assistance.

The increased market value of the site that could reasonably be expected to occur without the use of tax increment financing would be less than the increase in market value estimated to result from the proposed development after subtracting the present value of the projected tax increments for the maximum duration of the District permitted by the TIF Plan: This finding is justified on the grounds that the cost of building acquisition and rehabilitation for housing substantially adds to the total redevelopment costs. Historically, the costs of construction, specifically renovation costs in the City have made redevelopment infeasible without tax increment assistance. The City reasonably determines that no other redevelopment of similar scope is anticipated on this site without substantially similar assistance being provided to the development.

Therefore, the City concludes as follows:

- a. The City's estimate of the amount by which the market value of the entire District will increase without the use of tax increment financing is \$0.
 - b. If the proposed development occurs, the total increase in market value will be \$4,117,200.
 - c. The present value of tax increments from the District for the maximum duration of the district permitted by the TIF Plan is estimated to be \$1,526,963.
 - d. Even if some development other than the proposed development were to occur, the Council finds that no alternative would occur that would produce a market value increase greater than \$2,590,237 (the amount in clause b less the amount in clause c) without tax increment assistance.
3. *Finding that the TIF Plan for the District conforms to the general plan for the development or redevelopment of the municipality as a whole.*

The Planning Commission reviewed the TIF Plan on June 8, 2021 and found that the TIF Plan conforms to the general development plan of the City.

4. *Finding that the TIF Plan for Tax Increment Financing District No. 35: St. Louis County Jail will afford maximum opportunity, consistent with the sound needs of the City as a whole, for the development or redevelopment of Development District No. 17 by private enterprise.*

Through the implementation of the TIF Plan, DEDA and the City will facilitate preservation of a historical building, increase housing opportunities for residents, and expand the availability of safe and decent life-cycle housing within the City.

Appendix D: Redevelopment Qualifications for the District
