

DEVELOPMENT AGREEMENT

Between

DULUTH ECONOMIC DEVELOPMENT AUTHORITY

and

SOFIDEL AMERICA CORP.

Relating to DULUTH PAPER MILL REDEVELOPMENT

Dated as of _____

DEVELOPMENT AGREEMENT

THIS AGREEMENT, effective as of the date of attestation hereof by the City Clerk, by and between the DULUTH ECONOMIC DEVELOPMENT AUTHORITY, a public body, corporate and politic and political subdivision under Minnesota Statutes Chapter 469, hereinafter referred to as "DEDA", and SOFIDEL AMERICA CORP., a Florida corporation, hereinafter referred to as "Developer."

WHEREAS, Developer proposes an expansion of the papermill, and associated property located at 100 North Central Avenue in Duluth, Minnesota as hereinafter described and proposes to create a converting facility and automated warehouse for the production of tissue paper, paper towels, bathroom tissue, paper napkins and similar paper products (the hereinafter-described "Project"); and

WHEREAS, the expansion of the existing property and facilities together with the cost of conversion would render the Project not economically feasible without public assistance including assistance from the DEDA, the City of Duluth (the "City"), and from the State of Minnesota as hereinafter described; DEDA has determined that:

Without the tax increment assistance to be provided pursuant to this Agreement, the available resources would be inadequate to fund the development of said project on a financially feasible basis and that therefore, but for the tax increment assistance to be provided hereunder, the Project could not reasonably be expected to be constructed in the foreseeable future; and

The increased market value of the Property could not reasonably be expected to occur without the use of tax increment financing which would be less than the increase in the market value estimated to result from the Project after subtracting the present value of the projected tax increment for the duration of this Agreement; and

WHEREAS, the DEDA has indicated its willingness to agree to tax increment financing ("TIF") assistance for site preparation, infrastructure costs and other costs eligible for public financing under Minn. Statutes sections 469.174 through 469.1794 ("Minnesota TIF Act") related to the Project; without such assistance, the Project would not be economically viable; and

WHEREAS, Developer is pursuing a commitment for financing and has agreed to make available sufficient equity monies that, when combined with the tax increment financing, will be sufficient to complete the Project.

NOW, THEREFORE, in consideration of the foregoing and the mutual covenants and agreements hereinafter contained, the parties covenant and agree for themselves and their successors and assigns as follows:

H. Date of first receipt of tax increment

The date of the first receipt of tax increment shall be the date of DEDA's receipt from the St. Louis County Auditor's Office of the first payment of Capture Tax Increment for the Project.

I. TIF Note interest

Developer acknowledges that St. Louis County's obligation to distribute tax increment to DEDA is subject to Minnesota Statutes Chapter 276. Developer acknowledges that Available Tax Increment is subject to calculation by St. Louis County and changes in state statute and that some or all of the amount of the TIF Note may not be paid and in such event, the amount of payments otherwise due to Developer under this Agreement shall be deemed no longer due from DEDA and DEDA shall have no further obligations for payments of said amounts.

P. Changes in Law; St. Louis County

DEDA does not warrant that it will have through the term of this Agreement the continuing legal ability under state law to apply Available Tax Increment to the payment of the TIF Note. Notwithstanding the foregoing, nothing in this Agreement or any other Document shall preclude Developer from (i) seeking remedy against third parties, including without limitation the State of Minnesota and St. Louis County due to changes in state law and/or failure by St. Louis County to remit monies to DEDA; and (ii) challenging the applicability of any law, rule or regulation enacted after the date of this Agreement to this Agreement or the Project, provided DEDA shall not be made party to any action. Upon a change in law which prevents DEDA from any receipt of payments of Capture Tax Increment, DEDA may provide written notice to Developer of DEDA's election to terminate this Agreement. If Developer does not commence an action to seek its available remedies under this Article within thirty (30) days of such notice, this Agreement shall terminate as of the date of said notice. D. Public Purpose.

The public purpose of the tax increment assistance to be provided pursuant to this Agreement is to construct a Project which will create jobs that pay a livable wage, enhance the City's tax base, and achieve redevelopment on sites which would not be developed without assistance. In accordance with §116J.994, subdivision 4, DEDA has determined after a public hearing that the creation or retention of jobs is a goal of this development/redevelopment effort. Accordingly, the wage and job goals are creation of at least One Hundred and Sixty (160) new jobs at the Project site, having a base wage of not less than \$18.00 per hour, exclusive of benefits.

E. Business Subsidy Goal.

Said report shall include the information required in Minnesota Statute §116J.994, subdivision 7, and shall be accompanied by such documentation as the Director of Planning and Economic Development shall reasonably request in writing. All such reports shall be signed on behalf of Developer by an officer of Developer with authority to bind Developer.

G. Penalty.

If DEDA does not receive the reports described in Paragraph E of this Article, it will send to Developer a warning by certified mail within one week of the required filing date. If within 14 days of the post marked date of the warning the reports are not made, Developer agrees to pay DEDA a penalty of \$100 for each subsequent day until the report is filed, up to a maximum of \$1,000.

H. Special Event of Default if Business Subsidy Goals Not Met.

Developer agrees that if the Business Subsidy Goal of Project construction is not met by December 31, 2027, subject to Article XXV hereof and as determined in the reasonable discretion of DEDA, Developer shall not receive any tax increment financing assistance under this Agreement.

I. Additional Enforcement.

In the event that Developer shall fail for any reason whatsoever to meet the reporting requirements of Paragraph F of this Article fully and completely and in a timely manner as required, said failure shall be deemed to be a material breach of the terms and conditions of this Agreement and, in addition to the rights and remedies available to DEDA pursuant to Paragraph G, DEDA shall be entitled to withhold any payment due from DEDA under this Agreement and to withhold the performance of any obligation owed by DEDA under this Agreement until Developer's reporting obligations pursuant to this Article have been fully complied with. Further, DEDA shall be entitled to reimbursement for any reasonable costs, including the value of staff time and attorneys' fees and costs, incurred by DEDA to secure Developer's compliance with the reporting requirements.

J. Other Financial Assistance.

In addition to the tax increment assistance provided under this Agreement, the Developer has received or expects to receive as part of this Project the following financial assistance from other "grantors" as defined in the Business Subsidy Act: \$ 1,700,000 JCF Grant, and \$3,100,000 in MIF; and clean-up incentives in a range of about \$1,000,000 to \$2,000,000.

K. Continued Operations Covenant.

Developer agrees to own and operate the Building and the Project and to not assign, convey, transfer, sell or change its identity in violation of Article XI, for at least nine (9) years after the Benefit Date (the "Continued Operations Covenant").

ARTICLE X

Developer shall have the right in good faith to contest the validity of any lien, claim, or liability, and shall not be required to remove such lien, claim or liability so long as Developer is contesting the validity and amount thereof, and shall first notify DEDA of its intention to do so. The foregoing provisions

shall not restrict Developer from placing a lien, encumbrance or mortgage on the Project, the Property, or any part thereof for financing purposes wherein such financing is necessary for the acquisition and construction of the Project, and Developer shall first notify DEDA of its intention to do so. Mechanics liens up to an aggregate amount of \$1,000,000 shall be permitted under this Article XI. All restrictions set forth in this Article XI A. shall terminate upon the issuance of a Certificate of Completion for the Project. This Article XI A. shall not restrict easements, which shall only be subject to the notice requirements of Article XV B. 11.

B. Provision Against Assignments, Transfers or Change in Identity of Developer

Developer recognizes that, in view of the importance of the development of the Project to the general welfare of the community and the fact that any act or transaction involving or resulting in a change in the identity of the parties in control of Developer is of particular concern to the community, the DEDA is relying upon the qualifications and identity of Developer to build and operate the Project. Therefore, except for the purposes of obtaining financing or as otherwise allowed by this Agreement, Developer represents and agrees for itself, its successors and assigns that it has not made or created, and will not make or create or suffer to be made or created, any total or partial sale, assignment, conveyance, lease, trust, lien or power of attorney, and has not or will not otherwise transfer in any other way all or any portion of the Project, this Agreement or any other contract or agreement entered into in connection with carrying out its obligations hereunder; and except for financing, Developer will not make or create or suffer to be made any such transfer of Developer's rights hereunder without the prior approval of the DEDA until a Certificate of Completion has been obtained. Notwithstanding the above, Developer may sell or transfer its interest in the Project to a Related or Affiliated Entity or as part of an organizational acquisition or merger without the prior approval of the DEDA. An entity acquiring or accepting an interest in the Project as part of an organizational acquisition or merger shall be required to execute a joinder agreement to this Agreement and the other Documents, and upon execution and delivery of such joinder, DEDA shall execute a release of Developer's obligations under this Agreement and the other Documents. Developer shall give written notice of such sale or transfer and provide copies of the sale or transfer documentation evidencing assignment and assumption of Developer's rights and obligations under this Agreement, and well as any Guaranty required above to the Director within thirty (30) days of the event of sale or transfer.

ARTICLE XII

Developer shall, to the fullest extent permitted by law, protect, indemnify and save DEDA and its officers, agents, servants, and employees, harmless from and against all liabilities, losses, damages, costs, expenses, including reasonable attorneys' fees and expenses, whether asserted by itself or arising from any third party, causes of action, suits, claims, demands and judgments of any nature arising from any of the following:

2. Any violation of any provision of this Agreement by Developer;

The indemnification set forth in this Article shall survive any termination of this Agreement, foreclosure, or deed in lieu transfer of the Project or the Property.

C. Indemnification Procedures

Promptly after receipt by the DEDA of notice of the commencement of any action with respect to which Developer is required to indemnify the DEDA under this Article, the DEDA shall notify Developer in writing of the commencement thereof, and, subject to the provisions as hereinafter stated, Developer shall assume the defense of such action, including the employment of counsel satisfactory to the DEDA and the payment of expenses. In so far as such action shall relate to any alleged liability of the DEDA with respect to which indemnity

may be sought against Developer, the DEDA shall have the right to employ separate counsel in any such action and to participate in the defense thereof, and the fees and expenses of such separate counsel shall be at the expense of Developer.

ARTICLE XIII

Insurance

Developer shall procure and continuously maintain insurance covering all risks of injury to or death of persons or damage to the Project, the Property, and any other property permanently located or exclusively used at the Project site arising in any way out of or as a result of Developer's occupancy of or use of the Project or the Property, carried in the name of Developer, any subtenant and the DEDA as their respective interests may appear, as follows:

A. Insurance During Construction

Developer, prior to entering on the Property for construction of the Project, shall procure or cause to be procured and maintain or require all contractors to procure and maintain the following insurance at not less than the limits of coverage or liability indicated during the period of construction as follows:

1. Property Insurance

Developer shall provide "All Risk" builders' risk insurance on all work on the Project, including foundations, permanent fixtures and attachments, machinery and equipment included in or installed under the construction contract, debris removal, engineers' fees, temporary structures, materials, equipment and supplies of all kinds located on the Project, to the full replacement value thereof, except that such policy may provide for a deductible amount not to exceed Fifty Thousand Dollars (\$50,000) per occurrence. Said insurance shall be endorsed to provide consent for occupancy of the Project and shall be maintained in effect until permanent property coverage as provided for hereinafter is in force. Such insurance shall be provided by Developer as set forth below and shall bear a payee clause in favor of the DEDA with loss proceeds under any property policies made payable to the DEDA, to the extent of its interest. Said insurance may be written in the name of Developer or may be provided by Developer's Contractor in which case it shall name both Developer and DEDA as additional insureds. The Developer shall be solely responsible for ensuring that such insurance is provided. Contractor, subcontractors, and suppliers and Developer shall waive all rights against the DEDA for damages caused by fire or insured perils, except such rights as are set forth hereunder to the proceeds of such insurance payable in the event of such loss.

2. Public Liability Insurance

Public Liability Insurance written on an "occurrence" basis under Commercial General Liability Insurance and Automobile Liability Insurance Form with "Broad Form" property damage liability coverage in limits of not less than \$2,000,000 per occurrence and in the aggregate for personal injury, bodily injury and death, and limits of \$2,000,000 for property damage liability. If per person limits are specified, they shall be for not less than \$2,000,000 per person and be for the same coverages. The insurance requirements of this subparagraph may be met by augmenting an industry-standard liability policy with an "umbrella" policy, the combined limits of which meet those requirements. The DEDA shall be named as additional insureds on the Commercial General Liability and Automobile

Liability insurance policies against losses caused by the negligent act or omission of Developer. The Contractor shall also require such liability coverage of its contractors and subcontractors unless they are insured under the contractor's policies. The contractors' and subcontractors' liability coverages shall include:

- a. Contractors' public liability--premises and operations;
- b. Independent contractors' vicarious liability;
- c. Personal injury;
- d. Owned, non-owned, and hired vehicles;
- e. Contractual liability covering customary construction contract and subcontract indemnify provisions; and
- f. Workers' Compensation coverage in required statutory limits. Policy shall carry an "all states" endorsement. In addition, employer's liability coverage shall be maintained in limits of \$100,000 per employee.

B. Permanent Insurance.

Developer shall procure and continuously maintain, except as otherwise provided below, insurance covering all risks of injury to or death of persons or damage to property arising in any way out of or as a result of Developer's ownership, occupancy or use of the Project or Property, carried in the name of the Developer as follows:

1. Property Insurance

Prior to the expiration of the builders' risk coverage specified above and during the entire term of this Agreement, the Project, including all fixtures, equipment and machinery, shall be insured to the full replacement value thereof against all risk of Direct Physical Loss, except that such insurance may provide for a deductible amount not to exceed \$750,000 per occurrence; provided that if Developer shall have provided to the DEDA a first secured position on a piece of equipment acceptable to the Director and having a marketable value of at least \$500,000, the deductible amount may be up to \$500,000. For the purposes hereof, "all risk" means insurance equivalent in scope to protect against all risks of direct physical loss ordinarily insured against in the region. The insurance policy shall bear a payee clause in favor of the DEDA with loss proceeds under any property policies made payable to the DEDA, to the extent of its interest. Developer hereby waives any and all claims or causes of action against the DEDA for damages caused by an insured peril hereunder, except such rights hereinafter set forth to an interest in the insurance proceeds payable in the event of such loss.

2. Liability Insurance

During the construction period (unless covered under the policies required previously) and permanently thereafter for the balance of the term of this Agreement, Developer shall procure and maintain continuously in force Public Liability Insurance written on an "occurrence" basis under a Comprehensive General Liability Form in limits of not less than \$2,000,000 per occurrence for personal bodily injury and death and limits of \$2,000,000 for property damage liability. If person limits are specified, they shall be for not less than \$2,000,000 per person and be for the same coverages. The insurance requirements of this subparagraph may be met by augmenting an industry-standard liability policy with an "umbrella" policy, the combined limits of which meet those requirements. The City and DEDA shall be named as additional insureds therein. Insurance shall cover:

- a. Public liability, including premises and operations coverage.
- b. Independent contractors' vicarious liability;

- c. Personal injury.
- d. Owned, non-owned and hired vehicles.
- e. Contractual liability covering the indemnity obligations set forth herein.
- f. Products--completed operations.

3. Workers' Compensation

Workers' Compensation Coverage in statutory amounts with "all states" endorsement. Employees' liability insurance shall be carried in limits of \$100,000 per employee.

C. Requirements for All Insurance

All insurance required in this Article shall be taken out and maintained in responsible insurance companies organized under the laws of the states of the United States and licensed to do business in the State of Minnesota.

D. Policies

Developer shall be required to supply to the DEDA certification of all policies required under this Agreement. In addition, Developer shall be required to supply to DEDA written certifications of insurance requiring each insurer providing such policies require the insurer to give the DEDA thirty (30) days' written notice prior to cancellation or modification of said insurance.

E. Reconstruction Obligation and Uninsured Loss

In the event the Project or the Property or any portion thereof is destroyed by fire or other casualty, Developer shall forthwith repair, reconstruct, and restore the Project and the Property to substantially the same scale and condition, quality, and value as existed prior to the event causing such damage or destruction, and to the extent necessary to accomplish such repair, reconstruction, and restoration, only to the extent the proceeds of any insurance received by Developer shall cover the costs thereof. Developer shall timely take all actions necessary, including paying any deductible amount, to secure its rights to make an insurance claim for the insurance proceeds for all insurable losses. If such insurance proceeds are not sufficient for the foregoing, Developer may elect not to repair, reconstruct or restore the Project and Developer may notify DEDA that Developer can no longer fulfill its obligations under this Agreement, is terminating this Agreement and will not seek additional payments under the TIF Note.

ARTICLE XIV

Developer Defaults and Remedies Therefor

A. Events of Default

The following shall be deemed to be Events of Default by Developer under the terms and conditions of this Agreement to which the remedies set forth in Paragraph B below shall be applicable as otherwise set forth in this Agreement. C. Non-Waiver

The waiver by the DEDA of any default on the part of Developer or the failure of the DEDA to declare default on the part of Developer of any of its obligations pursuant to this Agreement or the other Documents shall not be deemed to be a waiver of any subsequent default on the part of Developer of the same or of any other obligation of Developer under this Agreement or the other Documents. To be effective, any waiver of any default by Developer hereunder must be in writing by the DEDA.

D. Remedies Cumulative

DULUTH ECONOMIC DEVELOPMENT AUTHORITY

TAX INCREMENT FINANCING (TIF) REVENUE NOTE
(DULUTH PAPER MILL REDEVELOPMENT)

The Duluth Economic Development Authority, an economic development authority created and existing pursuant to Minnesota Statutes Chapter 469 (“DEDA”), hereby acknowledges itself to be indebted and, for value received, hereby promises to pay SOFIDEL AMERICA CORP. a Florida corporation (the “Developer”), or its registered assigns (the “Registered Owner”), the principal amount of \$ _____ and ____/100th Dollars (\$ _____), which is the amount determined in Article VII of that certain Development Agreement between DEDA and the Developer dated _____, 2024, and bearing DEDA Contract No. _____, as may be amended from time to time (the “Agreement”), but only in the manner, at the times, from the sources of revenue, and to the extent hereinafter provided.

This TIF Note is issued pursuant to the Agreement. Terms are defined in this TIF Note or in the Agreement. The principal amount of this TIF Note, as adjusted above, shall bear interest at the annual rate specified above and interest shall start to accrue as of the date of execution of this TIF Note. There shall be no accrual of interest on unpaid interest. Interest shall be computed on the basis of a 360-day year of twelve 30-day months.

This Note is issued and payable solely from Available Tax Increment, as defined in the Agreement, actually received and retained by DEDA. DEDA shall pay to the Registered Owner of the TIF Note bi-annual payments in the amount of the Available Tax Increment payable on August 1 and February 1 of each year, commencing on August 1, 20__, to and including February 1, 20__, or, if the 1st should not be a business day the next succeeding business day (the “Scheduled Payment Dates”). Available Tax Increment shall first be applied to accrued interest and then to principal.

This Note shall terminate and be of no further force and effect following (a) February 1, 20__; (b) any date upon which the Agreement or this TIF Note has terminated under said Agreement; or

(c) on the date that all principal and interest payable hereunder shall have been paid in full; whichever occurs earliest. This TIF Note may be prepaid in whole or in part at any time without penalty.

DEDA makes no representation or covenant, express or implied, that the Available Tax Increment will be sufficient to pay, in whole or in part, the amounts which are or may become due and payable hereunder.

DEDA's payment obligations hereunder shall be further conditioned on the fact that no Event of Default by Developer under the Agreement shall have occurred and be continuing, but such unpaid amounts shall become payable, without interest accruing thereon in the meantime, if said Event of Default shall thereafter have been cured; and, further, if pursuant to the occurrence of an Event of Default under the Agreement DEDA elects to terminate the Agreement or this TIF Note, DEDA shall have no further debt or obligation under this Note whatsoever. Reference is hereby made to all of the provisions of the Agreement for a fuller statement of the rights and obligations of DEDA to pay the principal of this TIF Note and the interest thereon, and said provisions are hereby incorporated into this TIF Note as though set out in full herein.

THIS TIF NOTE IS A SPECIAL, LIMITED REVENUE OBLIGATION AND NOT A GENERAL OBLIGATION OF DEDA OR THE CITY OF DULUTH (THE "CITY") AND IS PAYABLE BY DEDA ONLY FROM THE SOURCES AND SUBJECT TO THE QUALIFICATIONS STATED OR REFERENCED HEREIN. THIS TIF NOTE IS NOT A GENERAL OBLIGATION OF DEDA OR THE CITY, AND NEITHER THE FULL FAITH AND CREDIT NOR THE TAXING POWERS OF DEDA OR THE CITY ARE PLEDGED TO THE PAYMENT OF THE PRINCIPAL OF OR INTEREST ON THIS TIF NOTE AND NO PROPERTY OR OTHER ASSET OF DEDA OR THE CITY, SAVE AND EXCEPT THE ABOVE REFERENCED PLEDGED AVAILABLE RELATED TAX INCREMENTS, IS OR SHALL BE A SOURCE OF PAYMENT OF DEDA'S OBLIGATIONS HEREUNDER.

The Registered Owner shall never have or be deemed to have the right to compel any exercise of any taxing power of DEDA, the City or of any other public body, and neither DEDA, the City nor any person executing or registering this TIF Note shall be liable personally hereon by reason of the issuance or registration thereof or otherwise.

This TIF Note is issued by DEDA in aid of financing a project pursuant to and in full conformity with the Constitution and laws of the State of Minnesota, including Minnesota Statutes §§469.174 to 469.1799, the Minnesota Tax Increment Act.

THIS TIF NOTE HAS NOT BEEN REGISTERED UNDER ANY FEDERAL OR STATE SECURITIES LAWS AND MAY NOT BE SOLD, ASSIGNED, PLEDGED, OR OTHERWISE DISPOSED OF OR TRANSFERRED EXCEPT AS PROVIDED FOR IN THE AGREEMENT.

Project Labor Agreement

CITY OF DULUTH PROJECT LABOR AGREEMENT

ARTICLE I PURPOSE

This Agreement is entered into as of the date of attestation by the City Clerk, by and between [Click or tap here to enter text.](#), its successors or assigns (hereinafter “Project Contractor”), and the City of Duluth, (hereinafter “Owner”¹) and the Duluth Building and Construction Trade Council, on behalf of its affiliated local unions, acting on their own behalf and on behalf of their respective affiliates and members whose names are subscribed hereto and who have, through their duly authorized officers, executed this Agreement (hereinafter collectively called the “Union or Unions”), with respect to the construction of the [Click or tap here to enter text.](#) (hereinafter “Project”).

The term “Contractor” shall include all construction contractors and subcontractors of whatever tier engaged in construction work within the scope of this Agreement, including the Project Contractor when it performs construction work within the scope of this Agreement. Where specific reference to [Click or tap here to enter text.](#) alone is intended, the term “Project Contractor” is used.

The parties recognize the need for the timely completion of the Project without interruption or delay. This Agreement is intended to establish a framework for labor-management cooperation and stability. The Contractor(s) and the Unions agree that the timely construction of this Project will require substantial numbers of employees from construction and supporting crafts possessing skills and qualifications that are vital to its completion. They will work together to furnish skilled, efficient craft workers for the construction of the Project.

Further, the parties desire to mutually establish and stabilize wages, hours and working conditions for the craft workers on this construction project, to encourage close cooperation between the Contractor(s) and the Unions to the end that a satisfactory, continuous and harmonious relationship will exist between the parties to this Agreement.

Therefore, in recognition of the special needs of this Project and to maintain a spirit of harmony, labor-management peace, and stability during the term of this Agreement, the parties agree to abide by the terms and conditions in this Agreement, and to establish effective and binding methods for the settlement of all misunderstandings, disputes or grievances which may arise. Further, the Contractor(s) and all contractors of whatever tier, agree not to engage in any lockout, and the Unions agree not to engage in any strike, slow-down, or interruption or other disruption of or interference with the work covered by this Agreement.

¹ Where the work is performed under Contract with the City of Duluth, the “Owner” is the City of Duluth. Where the Owner receives financial assistance or payment from the City, the Owner is the corporation, firm or other entity that is receiving the assistance or payment.

ARTICLE II

SCOPE OF AGREEMENT

Section 1. This Project Labor Agreement shall apply and is limited to all construction work included in all bid categories for the Project under the direction of and performed by the Contractor(s), of whatever tier, which may include the Project Contractor, who have contracts awarded for such work on the Project. Such work shall include site preparation work and dedicated off-site work.

The Project is defined as: [Click or tap here to enter text.](#)

Section 2. It is agreed that the Project Contractor shall require all Contractors of whatever tier who have been awarded contracts for work covered by this Agreement to accept and be bound by the terms and conditions of this Project Labor Agreement by executing the “Agreement to Bound” form attached as Exhibit 1 prior to commencing work. This Project Labor Agreement is a material term of the bid specifications for the Project and therefore, regardless of whether a contractor executes this Agreement, by virtue of the owner and/or Project Contractor accepting the bid offer of the Contractor, a Contractor who performs work on this project is bound to this PLA regardless of their execution of this Agreement. The Project Contractor shall assure compliance with this Agreement by the Contractors. It is further agreed that, where there is a conflict, the terms and conditions of this Project shall supersede and override terms and conditions of any and all other national, area, or local collective bargaining agreements, except for all work performed under the NTL Articles of Agreement, The National Stack/Chimney Agreement, the National Cooling Tower Agreement, all instrument calibration work and loop checking shall be performed under the terms of the UA/IBEW Joint National Agreement for Instrument and Control Systems Technicians, and the National Agreement of the International Union of Elevator Constructors, with the exception of Article V, VI and VII of this Project Labor Agreement, which shall apply to such work. It is understood that this is a self-contained, stand alone, Agreement and that by virtue of having become bound to this Project Agreement, neither the Project Contractor nor the Contractors will be obligated to sign any other local, area or national agreement.

Section 3. Nothing contained herein shall be construed to prohibit, restrict or interfere with the performance of any other operation, work, or function which may occur at the Project site or be associated with the development of the Project.

Section 4. This Agreement shall only be binding on the signatory parties hereto and shall not apply to their parents, affiliates or subsidiaries.

Section 5. The Owner and/or Project Contractor have the absolute right to select any qualified bidder for the award of contracts on this Project without reference to the existence or non-existence of any agreements between such bidder and any party to this Agreement; provided, however, only that such bidder is willing, ready and able to become a party to and comply with this Project Agreement, should it be designated the successful bidder.

Section 6. As areas and systems of the Project are inspected and construction tested by the Project Contractor or Contractors and accepted by the Owner, the Project Labor Agreement will not have further force or effect on such items or areas, except when the Project Contractor or Contractors are

directed by the Owner to engage in repairs, modifications, check-out, and warranty functions required by its contract with the Owner during the term of this Agreement.

Section 7. It is understood that the Owner, at its sole option, may terminate, delay and/or suspend any or all portions of the Project at any time.

Section 8. It is understood that the liability of any employer and the liability of the separate unions under this Agreement shall be several and not joint. The unions agree that this Agreement does not have the effect of creating any joint employer status between or among the Owner, Contractor(s) or any employer.

Section 9. The provisions of this Project Labor Agreement shall apply to all craft employees represented by any Union listed in Schedule A hereto attached and shall not apply to other field personnel or managerial or supervisor employees as defined by the National Labor Relations Act. No Contractor party is required to sign any other agreement as a condition of performing work within the scope of this Agreement. However, any Contractor performing work on the Project which is not party to a Local Area Labor Agreement for a craft employed by the Contractor, agrees to install hourly wage rates, hours, fringe benefit contributions, referral procedures and all other terms and conditions of employment as fully set forth in the applicable Local Area Agreement as described in Schedule A for work on the Project for each craft employed by the Contractor. But in no event shall the wages be less than the wages that are applicable to this project under the Minnesota Prevailing Wage Act, Minn. Stat. § 177.43. All employees covered by this Agreement shall be classified in accordance with the work performed. Nothing in this Agreement requires employees to join a union or pay dues or fees to a union as a condition of working on the covered project. This Agreement is not, however, intended to supersede independent requirements in applicable local union agreements as to contractors that are otherwise signatory to those agreements and as to employees of such employers performing covered work.

Section 10. The Contractors agree to timely pay contributions to the established employee benefit funds in the amounts designated in the Local Area Labor Agreements attached as Schedule A.

The Contractors adopt and agree to be bound by the written terms of the legally-established Trust Agreements specifying the detailed basis on which payments are to be made into, and benefits paid out of, such Trust Funds. The Contractors authorize the parties to such Trust Agreements to appoint trustees and successor trustees to administer the Trust funds and hereby ratify and accept the Trustees so appointed as if made by the Contractors.

Section 11. All workers delivering fill, sand, gravel, crushed rock, transit/concrete mix, ready mix, asphalt or other similar material and all workers removing any materials from the construction site shall receive a total package of wages and benefits at least and not lower than the wages and benefits provided for in the then current Highway, Heavy Construction Agreement between Teamsters Local 346 and the Associated General Contractors of America, or the Highway Heavy Prevailing Wage Schedule, whichever is greater.

ARTICLE III
UNION RECOGNITION AND UNION SECURITY

Section 1. The Contractors recognize the signatory Unions as the sole and exclusive bargaining representatives of all craft employees within their respective jurisdictions working on the Project within the scope of this Agreement.

Section 2. Authorized representatives of the Union shall have access to the Project, provided they do not interfere with the work of employees and further provided that such representatives comply fully with the posted visitor and security and safety rules of the Project.

ARTICLE IV **REFERRAL OF EMPLOYEES**

Applicants for the various classifications covered by this Agreement required by the Employer or Contractors on the Project shall be referred to the Contractors by the Unions. The Unions represent that its local unions administer and control their referrals and it is agreed that these referrals will be made in a non-discriminatory manner and in full compliance with Federal and State laws.

ARTICLE V **MANAGEMENT'S RIGHTS**

The Project Contractor and Contractors of whatever tier retain full and exclusive authority for the management of their operations. Except as otherwise limited by the terms of this Agreement or the applicable local area agreements, the Contractors shall direct their working forces at their prerogative, including, but not limited to hiring, promotion, transfer, lay-off or discharge for just cause.

ARTICLE VI **WORK STOPPAGES AND LOCKOUTS**

Section 1. During the term of this Agreement there shall be no strikes, picketing, work stoppages, slowdowns or other disruptive activity for any reason by the Unions or by any employee, and there shall be no lockout by the Contractor. Failure of any Union or employee to cross any picket line established at the Project site is a violation of this Article.

Section 2. The Unions shall not sanction, aid or abet, encourage or continue any work stoppage, strike, picketing or other disruptive activity at the Contractor's project site or any site of a contractor or supplier necessary for the performance of work at the project site and shall undertake all reasonable means to prevent or to terminate any such activity. No employee shall engage in activities which violate this Article. Any employee who participates in or encourages any activities which interfere with the normal operation of the Project shall be subject to disciplinary action, including discharge, and if justifiably discharged for the above reasons, shall not be eligible for rehire on the Project for a period of not less than thirty (30) days.

Section 3. The Unions shall not be liable for acts of employees for whom it has no responsibility. The International Union General President or Presidents will immediately instruct, order and use the best efforts of his office to cause the Local Union or Unions to cease any violations of this Article. An International Union complying with this obligation shall not be liable for unauthorized acts of its Local Union. The principal officer or officers of a Local Union will immediately instruct, order and

use the best efforts of his office to cause the employees the Local Union represents to cease any violations of this Article. A Local Union complying with this obligation shall not be liable for unauthorized acts of employees it represents. The failure of the Contractor to exercise its right in any instance shall not be deemed a waiver of its right in any other instance.

Section 4. Any party alleging a breach of this Article shall have the right to petition a court for temporary and permanent injunctive relief. The parties agree that the moving party, upon proving a breach of this Agreement, shall be entitled to temporary and permanent injunctive relief.

ARTICLE VII **SAFETY**

The parties are mutually committed to promoting a safe working environment for all personnel at the job site. It shall be the responsibility of each employer to which this PLA applies to provide and maintain safe working conditions for its employees, and to comply with all applicable federal, state and local health and safety laws and regulations.

ARTICLE VIII **UNION-MANAGEMENT COOPERATION COMMITTEE**

The parties to this Agreement agree to form a Union-Management Committee, consisting of signatory unions, contractors, and representatives of the City of Duluth. The purpose of the Committee is to ensure cooperation on matters of mutual concern, including productivity, quality of work, safety and health.

ARTICLE IX **DISPUTES AND GRIEVANCES**

Section 1. This Agreement is intended to provide close cooperation between management and labor. Each of the Unions will assign a representative to this Project for the purpose of completing the construction of the Project economically, efficiently, continuously, and without interruptions, delays, or work stoppages.

Section 2. The Contractors, Unions, and the employees, collectively and individually realize the importance to all parties to maintain continuous and uninterrupted performance of the work on the Project, and agree to resolve disputes in accordance with the grievance-arbitration provisions set forth in this Article.

Section 3. Any question or dispute arising out of and during the term of this Project Labor Agreement (other than trade jurisdictional disputes) shall be considered a grievance and subject to resolution under the following procedures:

Step 1. (a) When an employee subject to the provisions of this Agreement feels he or she is aggrieved by a violation of this Agreement, he or she, through his or her local union business representative or job steward, shall, within ten (10) working days after the occurrence of the violation, or knowledge of the violation, give notice to the work-site representative of the involved Contractor stating the provision(s) of the Local Area Agreement and/or this PLA alleged to have been violated. The

business representative of the local union or the job steward and the work-site representative of the involved Contractor and the Project Contractor shall meet and endeavor to adjust the matter within three (3) working days after timely notice has been given. The representative of the Contractor shall keep the meeting minutes and shall respond to the Union representative in writing (copying the Project Contractor) at the conclusion of the meeting but not later than twenty-four (24) hours thereafter. If they fail to resolve the matter within the prescribed period, the grieving party may, within forty-eight (48) hours thereafter, pursue Step 2 of the Grievance Procedure, provided the grievance is reduced to writing, setting forth the relevant information concerning the alleged grievance, including a short description thereof, the date on which the grievance occurred, and the provision(s) of the Local Area Agreement and/or this PLA alleged to have been violated.

(b) Should the Local Union(s) or the Project Contractor or any Contractor have a dispute with the other party and, if after conferring, a settlement is not reached within seven (7) working days, the dispute may be reduced to writing and proceed to Step 2 in the same manner as outlined herein for the adjustment of an employee complaint.

Step 2. The Business Manager or his or her designee of a Local Union and the involved Contractor shall meet within seven (7) working days of the referral of a dispute to this second step to arrive at a satisfactory settlement thereof. Meeting minutes shall be kept by the Contractor. If the parties fail to reach an agreement, the dispute may be appealed in writing in accordance with the provisions of Step 3 within seven (7) calendar days thereafter.

Step 3. (a) If the grievance has been submitted but not adjusted under Step 2, either party may request in writing, within seven (7) calendar days thereafter, that the grievance be submitted to an Arbitrator mutually agreed upon by them. The Contractor and the involved Union shall attempt mutually to select an arbitrator, but if they are unable to do so, they shall request the Federal Mediation and Conciliation Service to provide them with a list of seven (7) neutral arbitrators from which the Arbitrator shall be selected. The parties shall alternatively strike arbitrators from the list until one remains, who shall preside at the hearing. The party striking first shall be determined by the flip of a coin. The decision of the Arbitrator shall be final and binding on all parties. The fee and expenses of such Arbitration shall be borne equally by the Contractor and the involved Local Union(s).

(b) Failure of the grieving party to adhere to the time limits established herein shall render the grievance null and void. The time limits established herein may be extended only by written consent of the parties involved at the particular step where the extension is agreed upon. The Arbitrator shall have the authority to make decisions only on issues presented to him or her, and he or she shall not have authority to change, amend, add to or detract from any of the provisions of this Agreement.

Section 4. The Project Contractor and Owner shall be notified of all actions at Steps 2 and 3 and shall, upon their request, be permitted to participate in all proceedings at these steps.

ARTICLE X **JURISDICTIONAL DISPUTES**

Section 1. The assignment of work will be solely the responsibility of the Contractor performing the work involved; and such work assignments will be in accordance with the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry (the "Plan") or any successor Plan.

Section 2. All jurisdictional disputes on this Project, between or among Building and Construction Trades Unions and employers, parties to this Agreement, shall be settled and adjusted according to the present Plan established by the Building and Construction Trades Department or any other plan or method of procedure that may be adopted in the future by the Building and Construction Trades Department. Decisions rendered shall be final, binding and conclusive on the Contractors and Unions parties to this Agreement.

Section 3. All jurisdictional disputes shall be resolved without the occurrence of any strike, work stoppage, or slow-down of any nature, and the Contractor's assignment shall be adhered to until the dispute is resolved. Individuals violating this section shall be subject to immediate discharge.

Section 4. Each Contractor will conduct a pre-job conference with the appropriate Building and Construction Trades Council prior to commencing work. The Project Contractor and the Owner will be advised in advance of all such conferences and may participate if they wish.

ARTICLE XI **SUBCONTRACTING**

The Project Contractor agrees that neither it nor any of its contractors or subcontractors will subcontract any work to be done on the Project except to a person, firm or corporation who is or agrees to become party to this Agreement. Any contractor or subcontractor working on the Project shall, as a condition to working on said Project, become signatory to and perform all work under the terms of this Agreement.

ARTICLE XII **HELMETS TO HARDHATS**

Section 1. The Employers and Unions recognize a desire to facilitate the entry into the building and construction trades of veterans who are interested in careers in the building and construction industry. The Employers and Unions agree to utilize the services of the Center for Military Recruitment, Assessment and Veterans Employment (hereinafter "Center") and the Center's "Helmets to Hardhats" program to serve as a resource for preliminary orientation, assessment of construction aptitude, referral to apprenticeship programs or hiring halls, counseling and mentoring, support network, employment opportunities and other needs as identified by the parties.

Section 2. The Unions and Employers agree to coordinate with the Center to create and maintain an integrated database of veterans interested in working on this Project and of apprenticeship and employment opportunities for this Project. To the extent permitted by law, the Unions will give credit to such veterans for bona fide, provable past experience.

ARTICLE XIII **LABOR HARMONY CLAUSE**

The contractor shall furnish labor that can work in harmony with all other elements of labor employed on the Project and shall submit a labor harmony plan to demonstrate how this will be done. "Harmony" shall include the provision of labor that will not, either directly or indirectly, cause or

give rise to any work disruptions, slowdowns, picketing, stoppages, or any violence or harm to any person or property while performing any work, or activities incidental thereto at the Project. The labor harmony plan should include the company's labor management policies, collective bargaining agreements if any and their expiration dates, past labor relations history, a listing of activities anticipated under this contract that may potentially cause friction with on-site workers, and procedures the company will undertake to eliminate this friction.

The contractor agrees that it shall require every lower-tier subcontractor to provide labor that will work in harmony with all other elements of labor employed in the work, and will include the provisions contained in the paragraph above, in every lower-tier subcontract let for work under this contract.

The requirement to provide labor that can work in harmony with all other elements of labor employed in the work throughout the contract performance is a material element of this contract. Failure by the contractor or any of its lower-tier subcontractors to comply with this requirement shall be deemed a material breach of the contract which will subject the contractor to all rights and remedies the Owner or Project Contractor may have, including without limitation the right to terminate the contract.

ARTICLE XIV
NO DISCRIMINATION

Section 1. The Contractor and Union agree that they will not discriminate against any employee or applicant for employment because of his or her membership or non-membership in a Union or based upon race, color, religion, sexual preference, gender identification, national origin or age in any manner prohibited by law or regulation.

Section 2. Any complaints regarding application of the provisions of Section 1, should be brought to the immediate attention of the involved Contractor for consideration and resolution.

Section 3. The use of the masculine or feminine gender in this Agreement shall be construed as including all gender identification.

ARTICLE XV
SAVINGS AND SEPARABILITY

It is not the intention of the parties to violate any laws governing the subject matter of this Agreement. The parties hereto agree that in the event any provisions of the Agreement are finally held or determined to be illegal or void as being in contravention of any applicable law, the remainder of the Agreement shall remain in full force and effect unless the part or parts so found to be void are wholly inseparable from the remaining portions of this Agreement. Further, the Contractor and Union agree that if and when any and all provisions of this Agreement are finally held or determined to be illegal or void by a Court of competent jurisdiction, the parties will promptly enter into negotiations concerning the substance affected by such decision for the purpose of achieving conformity with the requirements of an applicable law and the intent of the parties hereto.

ARTICLE XVI
DURATION OF THE AGREEMENT

The Project Labor Agreement shall continue in effect for the duration of the Project construction work described in Article II hereof. Construction of any phase, portion, section or segment of the project shall be deemed complete when such phase, portion, section or segment has been turned over to the Owner and has received the final acceptance from the Owner's representative.

Since there are provisions herein for no strikes or lockouts in the event any changes are negotiated and implemented under a Local Area Agreement during the term of this Agreement, the Contractor agrees that, except as specified herein, such changes shall be recognized and shall apply retroactively to the termination date in the particular Local Agreement involved. Each Contractor which has a Local Agreement with a Union at the time that its contract at the project commences shall continue it in effect with each said Union so long as the Contractor remains on the project. In the event any such Local Area Agreement expires, the Contractor shall abide by all of the terms of the expired Local Agreement until agreement is reached on a new Local Agreement, with any changes being subject to the provisions of this Agreement.

The Union agrees that there will be no strikes, work stoppages, sympathy actions, picketing, slowdowns or other disruptive activity affecting the Project by any Union involved in the negotiation of a Local Area Agreement nor shall there be any lockout on this Project affecting the Union during the course of such negotiations.
