

PETITION TO DULUTH CITY COUNCIL

As a resident of Duluth I support establishment of a fenced, off-leash dog exercise area within an existing park located in the eastern half of Duluth.

- A legal off-leash area may minimize dogs being off-leash in other public areas which is illegal and can cause conflicts with other park users.
- Duluth has one "dog park" located in the Keene Creek area of western Duluth. This area is too far away for frequent access by residents of the eastern half of Duluth.
- Like the Keene Creek dog park, any such area in east Duluth would be established through volunteer efforts, at very little if any cost to the City of Duluth.

If you agree with the above statement, please complete the information below. If you want to receive more information on the topic please provide your e-mail address or check the following for updates:

PETITION TO DULUTH CITY COUNCIL

As a resident of Duluth I support establishment of a fenced, off-leash dog exercise area within an existing park located in the eastern half of Duluth.

- A legal off-leash area may minimize dogs being off-leash in other public areas which is illegal and can cause conflicts with other park users.
- Duluth has one "dog park" located in the Keene Creek area of western Duluth. This area is too far away for frequent access by residents of the eastern half of Duluth.
- Like the Keene Creek dog park, any such area in east Duluth would be established through volunteer efforts, at very little if any cost to the City of Duluth.

If you agree with the above statement, please complete the information below. If you want to receive more information on the topic please provide your e-mail address or check the following for updates:

PETITION TO DULUTH CITY COUNCIL

As a resident of Duluth I support establishment of a fenced, off-leash dog exercise area within an existing park located in the eastern half of Duluth.

- A legal off-leash area may minimize dogs being off-leash in other public areas which is illegal and can cause conflicts with other park users.
- Duluth has one "dog park" located in the Keene Creek area of western Duluth. This area is too far away for frequent access by residents of the eastern half of Duluth.
- Like the Keene Creek dog park, any such area in east Duluth would be established through volunteer efforts, at very little if any cost to the City of Duluth.

If you agree with the above statement, please complete the information below. If you want to receive more information on the topic please provide your e-mail address or you can e-mail: duluthdogparks@yahoo.com for updates.

PETITION TO DULUTH CITY COUNCIL

As a resident of Duluth I support establishment of a fenced, off-leash dog exercise area within an existing park located in the eastern half of Duluth.

- * A legal off-leash area may minimize dogs being off-leash in other public areas which is illegal and can cause conflicts with other park users.
- * Duluth has one "dog park" located in the Keene Creek area of western Duluth. This area is too far away for frequent access by residents of the eastern half of Duluth.
- * Like the Keene Creek dog park, any such area in east Duluth would be established through volunteer efforts, at very little if any cost to the City of Duluth.

If you agree with the above statement, please complete the information below. If you want to receive more information on the topic please provide your e-mail address or check the following for updates:
