4.0 Ownership, Entry, and Maintenance of Information

4.1 SAMS 1.0 is not an archiving system. SAMS 1.0 is populated with mirrored information derived from each Authorized User's reported data. SAMS 1.0 is not in any manner intended to be an official repository of original reported records, nor to be used as a substitute for an official repository of original reported records. The information in SAMS 1.0 is not to be accorded any independent record system status. SAMS 1.0 is merely a means to provide Authorized Users to track and manage SAKs or other agency information.

4.4 To the extent that any newly discovered links, matches, relationships, interpretations, etc., located in searches of SAMS 1.0 may be relevant and appropriate for preservation as independent records, it will be the responsibility of the accessing Authorized User to incorporate such information in the Authorized User's own official records system(s) in accordance with that Authorized User's records management processes.

4.5 There is no obligation and there should be no assumption by LICENSEE that a particular LICENSEE'S records housed in SAMS 1.0 represent the totality of all records of that LICENSEE'S records system for any subject or person.

5.0 Access to and Use of Information

5.1 LICENSEE will be able to use SAMS 1.0 to search sexual assault data entered by LICENSEE. Functionality available to LICENSEE includes but is not limited to:

- a. Searching for persons or things from transaction data in SAMS 1.0 and saving those searches for automated notification.
- b. Track status of sexual assault kit (SAK) processing.
- c. Placing possible comments on transactions that can be seen by other Authorized Users who view the transaction.
- d. Placing holds on transactions that contain case numbers, comments and directions.

5.2 LICENSEE shall not use information in SAMS 1.0 for any non-law enforcement purpose, or to establish or verify the eligibility of applicants, recipients, beneficiaries, participants, or providers of services with respect to cash or in-kind assistance or payments under the Federal or State benefit programs.

5.3 SAMS 1.0 includes an audit capability that logs all Authorized User actions, including the identity of the Authorized User, time of access, queries executed, responses, alerts set, and notifications received.

6.0 Security

The City of Portland has no implied or explicit responsibility for securing or protecting the licensee's data and information.

6.1 LICENSEE is solely responsible for authorizing specific employees to access SAMS 1.0 on their instance of SAMS 1.0. It is the licensee's responsibility to grant access only to those employees and agents with an official "need to know" such information.

6.2 LICENSEE is responsible for training its Authorized Users who are authorized to access SAMS 1.0 regarding the use and dissemination of information obtained from SAMS 1.0. LICENSEE shall ensure its Authorized Users have a clear understanding of the need to verify the reliability of the information from SAMS 1.0 with the Authorized User that provided the information before using the information for preparing affidavits, obtaining subpoenas and warrants, or other law enforcement purposes. Training should also ensure employees understand the restrictions on use of SAMS 1.0 data and information set forth herein.

6.3 LICENSEE is responsible for ensuring that its Authorized Users access SAMS 1.0 only after successfully completing appropriate training.

6.4 LICENSEE is responsible for immediately deactivating the SAMS 1.0 User ID and password of any Authorized User who is no longer an employee or agent or contractor of LICENSEE, or who no longer requires Authorized Use of SAMS 1.0.

6.5 LICENSEE is responsible for resolving issues of any actual or suspected unauthorized use of the SAMS 1.0 system or of any security breach that affects SAMS 1.0. LICENSEE shall provide notification to the City of any security vulnerability discovered relating to the integrity of the SAMS 1.0 Software, such as a computer virus.

6.6 LICENSEE acknowledges that SAMS 1.0 will contain, CJI, Law Enforcement Data Systems (LEDS) and other Sensitive But Unclassified (SBU) information from the records systems of the LICENSEES. LICENSEE is responsible for exercising the same degree of care in protecting information accessed in SAMS 1.0 that LICENSEE exercises with respect to its own sensitive information, but at a minimum comply with Federal Bureau of Investigation (FBI) and their State CJIS regulations.

6.7 LICENSEE acknowledges that unauthorized use or misuse of the SAMS 1.0 Software will result in irreparable harm to the City. In the event of a breach or threatened breach of this Agreement, the City may obtain equitable or injunctive relief prohibiting the breach, in addition to any other appropriate legal or equitable relief and remedies at law.

6.8 Failure to comply with the Security and Authorized Use specifications contained in this Agreement may, at the sole discretion of the City, result in the suspension of LICENSEE and access to SAMS 1.0 by LICENSEE and its Authorized Users until such failures are corrected to the City's satisfaction.

6.9 Both Parties hereby acknowledge that any SBU information it discloses to the other Party, or any duty of either Party to destroy records upon completion of use, is subject to the provisions of the Oregon and LICENSEE'S Public Records laws.

LICENSEE acknowledges that access to SAMS 1.0 and services may be subject to delay, and the data and information may be subject to deletion, theft, errors, or omissions. The City has no responsibility for the accuracy, timeliness, or completeness of information in SAMS 1.0. To the maximum extent permitted by law, the City disclaims all warranties, including without limitation, any implied warranties of merchantability, fitness for a particular purpose, and non-infringement.

8.2 All personnel assigned by LICENSEE to perform SAMS 1.0-related functions shall not be considered employees of the City or of any other Party for any purpose. LICENSEE remains solely responsible for the supervision, work schedules, performance appraisals, compensation, overtime, vacations, retirement, expenses, disability, and all other employment-related benefits incident to assignment of its personnel to SAMS 1.0 access.

8.3 Unless specifically addressed by the terms of this Agreement, LICENSEE shall be responsible for the negligent or wrongful acts or omissions of its own respective officers and employees performing under this Agreement, but only to the extent they would be liable under the laws of the jurisdiction(s) to which they are subject.
