<b>Neighbor Letter Date</b>	October 23, 2015	<b>Number of Letters Sent</b>	12

#### Proposal

Applicant is requesting to rezone from Residential-Traditional (R-1) to Mixed Use-Business (MU-B). Minnesota Power has stated its intent to place a 40kw solar array on this site.

	<b>Current Zoning</b>	<b>Existing Land Use</b>	<b>Future Land Use Map Designation</b>
<b>Subject</b>	R-1	Undeveloped	Light Industrial, Preservation
<b>North</b>	MU-B	Light industrial/business park	Light Industrial, Preservation
<b>South</b>	R-1	Undeveloped	Neighborhood Mixed Use
<b>East</b>	MU-B	Light industrial/business park	Light Industrial, Preservation
<b>West</b>	MU-N	Commercial (gas station)	Auto Oriented Commercial

#### Summary of Code Requirements (reference section with a brief description):

UDC Sec. 50-37.3.A: Any property owner may petition the planning commission to amend the district boundaries in which the property is located.

UDC Sec. 50-37.3.B: Planning commission shall review the application, conduct a public hearing ... with public notice ... and make a written recommendation to council.

UDC Sec. 50-37.3.C: The planning commission shall review the application, and council shall approve the application or approve it with modifications, if it determines that the application:

1. Is consistent with the Comprehensive Land Use Plan;
2. Is reasonably related to the overall needs of the community, to existing land use, or to a plan for future land use;
3. Is required by public necessity, convenience, or general welfare, or good zoning practice;
4. Will not create material adverse impacts on nearby properties, or if material adverse impacts may be created they will be mitigated to the extent reasonably possible.

#. C-1

**Comprehensive Plan Findings (Governing Principle and/or Policies) and Current History (if applicable):**

Future Land Use - Light Industrial: Areas for manufacturing, warehousing and distribution; uses that have few outside impacts, and can be located in relative proximity to non-industrial uses.

Future Land Use - Preservation: Lands with substantial restrictions. High natural resource or scenic value, or severe development limitations. Primarily public lands but limited private use is anticipated subject to use and design controls. (Note that area shown as Preservation is also governed as a Shoreland to provide protections to stream).

**Discussion (use numbered or bullet points; summarize and attach department, agency and citizen comments):**

Staff finds that:

- 1.) The Minnesota Planning Act provides that zoning (an "official control") should implement the general objectives of the Comprehensive Plan and appellate courts have issued decisions that zoning must comply with the Comprehensive Plan or else be considered arbitrary and capricious.
- 2.) Good zoning practice requires that zone districts be consistent with the future land use category identified for the area. The MU-B zone district is consistent with the future land use designation of Light Industrial. The purpose of the MU-B district is to accommodate modern light industrial and technology-based developments of attractive integrated design and function. The existing NR-O (Natural Resources Overlay) district will remain within the area 300 feet from the stream; this Overlay is consistent with the future land use of Preservation.
- 3.) Applicant intends to use the property for a 40kw solar installation. Note that once the property is rezoned, any permitted or special use in the MU-B district would be allowed.
- 4.) Any future development or redevelopment on the property will have to comply with all UDC standards.
- 5.) Because the application does not contain a petition with 2/3 of surrounding property owners, this will require a super majority vote of the city council to approve it (as opposed to the standard requirement of a simple majority vote).
- 6.) St. Louis County Engineering has indicated that Rice Lake Road is a controlled access road, and that new access would not be granted (applicant states no changes to access will be needed for the solar array). No other public, agency, or City comments have been received.

**Staff Recommendation (include Planning Commission findings, i.e., recommend to approve):**

Based on the above findings, Staff recommends that Planning Commission recommend approval of the UDC Map Amendment, for the following reasons:

- 1.) This proposal is consistent with the Comprehensive Land Use Plan.
- 2.) The proposed MU-B zone district is consistent with the future land use category of Light Industrial.
- 3.) Material adverse impacts on nearby properties are not anticipated.

**Attachments (aerial photo with zoning; future land use map; site plan; copies of correspondence)**

## **Uses Allowed in Mixed Use-Business Park (MU-B) Zone District**

### **Revised January 5, 2015**

#### Permitted Uses

- Bus or rail transit station
- Government building or public safety facility
- Business art or vocational school
- Medical or dental clinic
- Kennel
- Veterinary or animal hospital
- Convention or event center
- Indoor entertainment facility
- Restaurant (less than 5,000 sq. ft.)
- Restaurant (5,000 sq. ft. or more)
- Hotel or motel
- Bed and breakfast
- Bank
- Office
- Data center
- Business park support activities
- Funeral home or crematorium
- Mini-storage facility
- Personal service and repair, small (less than 10,000 sq. ft.)
- Personal service and repair, large (10,000 sq. ft. or more)
- Building material sales
- Automobile and light vehicle repair service
- Automobile and light vehicle sales, rental or storage
- Filing station
- Parking lot or parking structure (primary use)
- Truck or heavy vehicle sales, rental, repair and storage
- Contractor's shop and storage yard
- Dry cleaning and laundry plant
- Research laboratories
- Industrial services
- Manufacturing, light
- Truck freight or transfer terminal
- Solar, geothermal, or biomass facility (primary use)
- Storage warehouse
- Wholesaling

#### Special Uses

- Cemetery or mausoleum
- Museum, library or art gallery
- Religious assembly, small (less than 50,000 sq ft)
- Religious assembly, large (50,000 sq. ft. or more)
- Other outdoor entertainment or recreation use not listed
- Electric power transmission line or substation
- Major utility or wireless telecommunication facility
- Radio or television broadcast tower
- Water or sewer pumping stations/reservoirs
- Wind power facility (primary use)
- Recycling collection point (primary use)
- Solid waste disposal or processing facility
