Resolution/Ordinance Cover Memo

Meeting Date: October 14, 2025

Subject/Title: i2 Analyst's Notebook software agreement

Submitted By: Kerry Cronin-Jones

Recommendation: Approve

Previous Council Action: Last approved by council on September 23, 2024.

Background: IBM i2 Analyst Notebook is a powerful data analysis and visualization software program designed to help law enforcement agencies develop connections, patterns, and relationships within complex datasets. It transforms raw data into clear, actionable intelligence through intuitive visualizations, enabling faster and more informed decision-making.

The DPD crime and intelligence analysts have been using this software for four years and it has proven itself very valuable on all of our major cases.

Budget/Fiscal Impact: This software is currently built into the DPD general budget. No additional funding is needed.
