Subject: East Duluth Dog Park

Hello,

My name is Lindsay Helwig and I just wanted to express my support for an East Duluth dog park. My dog would benefit greatly from a nearby dog park by getting the exercise she needs and socialization with other dogs. Not only would my dog benefit from an East Duluth dog park, but so would I. Rather than driving for 20-25 minutes to get to the Observation or Keene Creek dog park, I'd only have a 5 minute drive to the East Duluth dog park. I would have a nearby place where I could meet other dog lovers and get dog related advice if needed. It would also be a great thing to have when there are out of town visitors in the area looking for something to do with their dog. Overall, I think it would be a great addition to Duluth and it would benefit a lot of people and their canine friends. Thank you for your time.

Sincerely,

Lindsay Helwig
