Subject: I Support Michigan Street Bike Lanes!

I do NOT support bike lanes on either. Michigan St is a loading/unloading area for our business. We recieve 18 deliveries per week a bike lane appears to take away from this unless it goes on the DTA side. Ever drive down London Rd? Never have I seen a bike in the lane, sidewalk,yes. Waste.If it has to be make it Superior or First streets and they will continue to ride in the sidewalk or on the road and continue to disobey all traffic laws.
