Interests & Experiences

Why are you interested in serving on a board or commission?

I participated in the April 16th Library Retreat and understand that this is an exciting and challenging time for the Duluth Public Library. It would be a privilege to serve on the Library board during this time of facility and program planning for the future. Public libraries continue to have a critical role in the fabric of a community and the success of a democratic form of government. Serving the Duluth Public Library Board would be an opportunity to contribute to the future of this important legacy.
