Proposal

Applicant is proposing to vacate portions of platted Vandenberg Drive in the Airport Division near the Duluth International Airport.

Summary of Code Requirements (reference section with a brief description):

Vacation of public rights of way and/or easements require a Planning commission public hearing with a recommendation to City Council. City Council action is to approve or deny by resolution. Resolutions approving either a full or partial vacation require a 6/9's vote of the council.

Code requirements are found in UDC Section 50-37.6. The Planning Commission shall review the proposed vacation, and council shall approve the proposed vacation, or approve it with modifications, if it determines that the street, highway, or easement proposed for vacation:

1. Is not and will not be needed for the safe and efficient circulation of automobiles, trucks, bicycles or pedestrians or the efficient supply of utilities or public services in the city;
2. Where the street terminates at a waterfront or shoreline, the street is not and will not be needed to provide pedestrian or recreational access to the water;
3. Is not otherwise needed to promote the public health, safety or welfare of the citizens of Duluth.

Comprehensive Plan Findings (Governing Principle and/or Policies) and Current History (if applicable):

Future Land Use - General Industrial: Areas for manufacturing, processing and other activities that may have off-site impacts and are generally isolated from other uses or buffered from them. Sites should have direct access to major regional transportation facilities and other infrastructure.

Governing Principle #1: Reuse previously developed lands.

Governing Principle #7: Create and maintain connectivity.

There was a previous vacation on a portion of Vandenberg Drive north of Airport Road (resolution 06-0569). A condition of the vacation was that the existing sanitary sewer line was to be relocated. The line was not moved, and so a new easement will need to be dedicated over this area.

This area was rezoned from MU-N to MU-B (Ordinance 10355, Effective April 10, 2015).

Discussion (use numbered or bullet points; summarize and attach department, agency and citizen comments):

-Proposal: Applicant is proposing to vacate platted Vandenberg Drive in the Airport Division near the Airport. A new structure will be built on city land at 4946 Airport Road, directly to the east of the Vandenberg right of way. Airplanes will be taken from construction facilities to the north of Airport Road and taxied over to the proposed new Completion Center to be finished. Vacating the right of way will help with the flow of the airplanes and will eliminate the potential for private party/vehicle conflicts.

-Issue/Item for Review: Vacation of the city's ability/right to use platted right of way can only be approved by City Council (via resolution), after a public hearing is conducted, and a recommendation is made, by the Planning Commission.

1) Applicant is proposing to vacate the following: a section of Vandenberg Drive north of Airport Road which is 410 feet long and 20 feet wide, a section south of the Airport Road which is 240 feet long and 66 feet wide, the alley south of and running parallel to Airport Road which is 620 feet long and 33 feet wide.

2) The Duluth International Airport and the City of Duluth are co-applicants for this proposal. The City of Duluth is the titleholder to all the property on this block.

3) Staff believe this right of way is not and will not be needed for the safe and efficient circulation of automobiles, trucks, bicycles or pedestrians or the efficient supply of utilities or public services in the city (once the utility line is relocated to make room for a future structure); the right of way is not and will not be needed to provide pedestrian or recreational access to the water; and the public right of way is not otherwise needed to promote the public health, safety or welfare of the citizens of Duluth.

4) No comments were received from the public. Comments from City Engineering indicate that underground utilities exist in the right of ways proposed to be vacated. The exhibits will need to be altered to show that there will be utility easements maintained over the either right of ways. Revised exhibits are anticipated to be revised prior to the Planning Commission public hearing.

5) Vacations are approved by the City Council via a resolution. Vacations lapse unless a plat showing the vacation is recorded with the county recorder within 90 days after final approval. The Duluth City Clerk facilitates the recording process.

Staff Recommendation (include Planning Commission findings, i.e., recommend to approve):

Based on the above findings, Staff recommends that the Planning Commission recommend approval of the vacation of the utility easement, without conditions.

CERTIFIED COPY OF RESOLUTION OF THE CITY COUNCIL OF THE CITY OF DULUTH, MINNESOTA

RESOLUTION 05-0569

ADOPTED: AUGUST 22, 2005

BY COUNCILOR GILBERT:

WHEREAS, a sufficient petition was filed with the city clerk requesting the vacation of the utility easements in Lot 3, Block 4, of Airport Division; and

WHEREAS, pursuant to Section 100 of the City Charter and Article IV of Chapter 45 of the Duluth City Code, 1959, as amended, such petition was duly referred to the city planning commission and such commission gave due notice of public hearing and did consider same in public hearing; and

WHEREAS, the city planning commission determined that said utility easements are useless for the purposes for which they were intended because all existing utilities have either been removed or will be relocated to a nearby easement after receiving the consent of the city engineer; and

WHEREAS, the city planning commission unanimously approved the vacation of said utility easements at its regular meeting of August 9, 2005 (reference PC File No. 05081).

NOW, THEREFORE, BE IT RESOLVED, that the city council of the city of Duluth finds there is no need or necessity to retain the petitioned utility easement and approves the vacation more particularly described as Public Document No. 05-0822-23 with the following conditions:

(a) That the electric service provided by the utility pole in the westerly utility easement be relocated to a location deemed appropriate to the city engineer;

(b) That the sanitary sewer service provided in the easterly utility easement be relocated to a location deemed appropriate by the city engineer.

CERTIFIED COPY OF RESOLUTION OF THE CITY COUNCIL OF THE CITY OF DULUTH, MINNESOTA

RESOLVED FURTHER, that the city clerk is hereby directed to record, with the register of deeds and/or the registrar of titles of St. Louis County, Minnesota, a certified copy of this resolution together with a plat showing the portion of the streets and alleys to be vacated as well as the easements to be retained.

Resolution 05-0569 was unanimously adopted.

Approved August 22, 2005

HERB W. BERGSON, Mayor

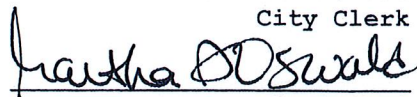

I, JEFFREY J. COX, city clerk of the city of Duluth, Minnesota, do hereby certify that I have compared the foregoing resolution passed by the city council on the 22nd day of August, 2005, with the original in my custody as city clerk of said city, and that the same is a true and correct transcript therefrom.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the corporate seal of said city of Duluth, this ninth day of February, 2006.
