PERMANENT EXPANSION OF DESIGNATED SERVING AREA SITE PLAN

[Handwritten Signature]

Signature of owner/authorized representative

We plan to use two areas for outdoor dining.

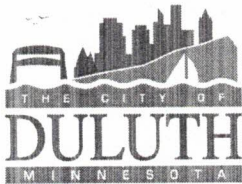

1. The parking lot on the south side of the building. This area has approximately 1600sq ft of usable space. We will provide full service dining, including liquor and beer service, to this area. Tables will be assigned to guests as they call ahead for outdoor dining. We will utilize a rope and stanchion system as a security and physical barrier, differentiating the area for seating from the rest of the parking lot, regulating access to the area and preventing the removal of alcoholic beverages from the designated seating area.

2. The landscaped area on the north and east side of the building. This area wraps in an "L" shape around the building from the east side to the north side of the building with approximately 2700 sq ft of usable space. We will utilize 4' orange construction fencing as a security and physical barrier, differentiating the seating area from the rest of the surrounding landscaping, regulating access to the area and preventing the removal of alcoholic beverages from the designated seating area. We will provide full service dining, including liquor and beer service, to this area. Tables will be assigned to guests as they call ahead for outdoor dining.

Both outdoor dining areas will be only be utilized as weather and city and state ordinances permit.

An expansion of our liquor service area allows us to continue to serve our community during this time and increases our service capacity as businesses are allowed to reopen their interior dining space.

We respectfully submit our application to the City of Duluth for this expansion of our service area for our liquor permit.

COMMENTS: INCLUDE AN EXPLANATION OF AREA TO BE EXPANDED ON ATTACHED FORM.

In order to accommodate appropriate social distancing and the Governor Waltz's most recent reopening order, we need to expand our premises to include our parking lot. We plan to install adequate fencing and a controlled entrance (to control capacity and inform guests of the new "rules") and will make sure enough staff are working to enforce the guidelines given to us by the state.

We will place tables throughout the area and add a few fixtures to "spruce things up a notch" so we can make the best of a poor situation.

All of our staff and customers will be protected and thought of with every action. We do not intend to use this expansion to have large gatherings or "parties." We simply want to open in a safe and effective way.

We propose to expand our alcohol service area to a section of the parking lot behind the distillery. This area is right out our back door, in a private parking lot owned by our landlord, Star Properties. The area in question will be fenced off, and a staff member will always be in attendance during open hours. Guests will order from bartenders, who will deliver the drinks to their tables. We will be following all the governor's rules including reservation only, group size, mask and sanitation rules, etc.
