From: Alyssa Denham, Acting City Clerk

Re: Petition Ordinance Report

A petition supporting a proposed ordinance amendment prepared by the Duluth Tenants Union and Housing Justice Center entitled, "Tenant Right to Repair in Residential Rental Property" was submitted to the city clerk's office. The petition has been reviewed and the signatures verified.

The number of signatures of qualified electors of the city of Duluth needed for a sufficient petition to be submitted to a vote of the people at the next general municipal election is 2,819 (10% of 28,187 total ballots cast at the last preceding general municipal election at which members of the council were elected).

The undersigned hereby certifies that the petition is sufficient with 3,752 valid signatures of electors of the city of Duluth.

Alyssa Denham
