- 1.1. **Assignment.** The Contractor may neither assign nor transfer any rights or obligations under this Contract without the prior consent of the State and a fully executed assignment agreement, executed and approved by the same parties who executed and approved this Contract, or their successors in office.
- 1.2. **Amendments.** Any amendment to this Contract must be in writing and will not be effective until it has been executed and approved by the same parties who executed and approved this Contract, or their successors in office.
- 1.3. **Waiver.** If the State fails to enforce any provision of this Contract, that failure does not waive the provision or State's right to enforce it.
- 1.4. **Contract Complete.** This Contract contains all negotiations and agreements between the State and the Contractor. No other understanding regarding this Contract, whether written or oral, may be used to bind either party.
- 1.5. **Electronic Records and Signatures.** The Parties agree to contract by electronic means. This includes using electronic signatures and converting original documents to electronic records.

2. Termination.

- 2.1. **Termination for Convenience.** The State or Commissioner of Administration may cancel this Contract at any time, with or without cause. Upon termination for convenience, the Contractor will be entitled to payment, determined on a pro rata basis, for services or goods satisfactorily performed or delivered.
- 2.2. **Termination for Insufficient Funding.** The State may immediately terminate this Contract if it does not obtain funding from the Minnesota Legislature, or other funding source; or if funding cannot be continued at a level sufficient to allow for the payment of the services addressed within this Contract. Termination must be by written notice to the Contractor. The State is not obligated to pay for any services that are provided after notice and effective date of termination. However, the Contractor will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed to the extent that dedicated funds are available. The State will not be assessed any penalty if the Contract is terminated because of the decision of the Minnesota Legislature, or other funding source, not to appropriate funds. The State must provide the Contractor notice of the lack of funding. This notice will be provided within a reasonable time of the State's receiving notice.

3. Force Majeure.

- 3.1. A "force majeure event" is an event beyond Contractor's reasonable control that prevents Contractor from performing its obligations under this contract. Contractor will use all reasonable efforts to plan for foreseeable force majeure events and to mitigate the duration and consequences of any delay resulting from a force majeure event. Contractor will give State's Authorized Representative prompt notice of the occurrence of any force majeure event and, upon written request from Contractor, State's Authorized Representative and Contractor will negotiate an adjustment to the project schedule of this contract.

4. Indemnification.

- 4.1. In the performance of this Contract, and to the extent permitted by law, the Indemnifying Party must indemnify, save, and hold harmless the State, its agents, and employees, from any claims or causes of action, including attorney's fees incurred by the State, to the extent caused by Indemnifying Party's:
 - 4.1.1. Intentional, willful, or negligent acts or omissions; or
 - 4.1.2. Actions that give rise to strict liability; or
 - 4.1.3. Breach of contract or warranty.
- 4.2. The Indemnifying Party is defined to include the Contractor, Contractor's reseller, any third party that has a business relationship with the Contractor, or Contractor's agents or employees. The indemnification obligations of this section do not apply if the claim or cause of action is the result of the State's sole

negligence. This clause will not be construed to bar any legal remedies the Indemnifying Party may have for the State's failure to fulfill its obligation under this Contract.

- 4.3. Nothing within this Contract, whether express or implied, will be deemed to create an obligation on the part of the State to indemnify, defend, hold harmless or release the Indemnifying Party. This extends to all agreements related to the subject matter of this Contract, and to all terms subsequently added, without regard to order of precedence.

5. **Governing Law, Jurisdiction, and Venue.**

- 5.1. Minnesota law, without regard to its choice-of-law provisions, governs this Contract. Venue for all legal proceedings out of this Contract, or its breach, must be in the appropriate state or federal court with competent jurisdiction in Ramsey County, Minnesota.

6. **Subcontracting and Subcontract Payment.**

- 6.1. A subcontractor is a person or company that has been awarded a portion of the Contract by Contractor. Only subcontractors that have been approved by the State's Authorized Representative can be used for this Contract.
- 6.2. After the effective date of the Contract, the Contractor will not, without prior written approval of the State's Authorized Representative, subcontract for the performance of any of the Contractor's obligations that were not already approved for subcontracting when the Contract was awarded. During this Contract, if an approved subcontractor is determined to be performing unsatisfactorily by the State's Authorized Representative, the Contractor will receive written notification that the subcontractor can no longer be used for this Contract.
- 6.3. The provisions of the Contract will apply with equal force and effect to all approved subcontractors engaged by the Contractor. Notwithstanding approval by the State, no subcontract will serve to terminate or in any way affect the primary legal responsibility of the Contractor for timely and satisfactory performances of the obligations contemplated by the Contract.
- 6.4. Contractor's subcontracts must contain all appropriate terms and conditions of this Contract. Contractor must require subcontractors' invoices to follow the same format and contain the same information as State requires of Contractor. Contractor must submit a copy of all subcontracts exceeding \$10,000.00 to State's Authorized Representative no later than 30 calendar days after executing the subcontract and prior to beginning work under the subcontract. Upon request by State, a copy of any executed subcontract under \$10,000.00 must be sent to State's Authorized Representative.
- 6.5. Contractor must pay its subcontractors in accordance with Minn. Stat. § 16A.1245.

7. **Data Disclosure.**

- 7.1. Under Minn. Stat. § 270C.65, subd. 3 and other applicable law, the Contractor consents to disclosure of its social security number, federal employer tax identification number, and Minnesota tax identification number, already provided to the State, to federal and state agencies, and state personnel involved in the payment of state obligations. These identification numbers may be used in the enforcement of federal and state laws which could result in action requiring the Contractor to file state tax returns, pay delinquent state tax liabilities, if any, or pay other state liabilities.

8. **Government Data Practices.**

- 8.1. The Contractor and State must comply with the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13 as it applies to all data provided by the State under this Contract, and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Contractor under this Contract. The civil remedies of Minn. Stat. § 13.08 apply to the release of the data governed by the Minnesota Government Practices Act, Minn. Stat. Ch. 13, by either the Contractor or the State. If the Contractor receives a request to release the data referred to in this clause, the Contractor must immediately notify

and consult with the State's Authorized Representative as to how the Contractor should respond to the request. The Contractor's response to the request will comply with applicable law.

9. Intellectual Property Rights.

9.1. **Definitions.** For the purpose of this Section, the following words and phrases have the assigned definitions:

9.1.1. **"Documents"** are the originals of any databases, computer programs, reports, notes, studies, photographs, negatives, designs, drawings, specifications, materials, tapes, disks, or other materials, whether in tangible or electronic forms, prepared by the Contractor, its employees, agents, or subcontractors, in the performance of this Contract.

9.1.2. **"Pre-Existing Intellectual Property"** means intellectual property developed prior to or outside the scope of this Contract, and any derivatives of that intellectual property.

9.1.3. **"Works"** means all inventions, improvements, discoveries (whether or not patentable), databases, computer programs, reports, notes, studies, photographs, negatives, designs, drawings, specifications, materials, tapes, and disks conceived, reduced to practice, created or originated by the Contractor, its employees, agents, and subcontractors, either individually or jointly with others in the performance of this Contract. "Works" includes Documents.

9.2. **Ownership.** The State owns all rights, title, and interest in all of the intellectual property rights, including copyrights, patents, trade secrets, trademarks, and service marks in the Works and Documents created and paid for under this Contract. The Documents will be the exclusive property of the State and all such Documents must be immediately returned to the State by the Contractor upon completion or cancellation of this Contract. To the extent possible, those Works eligible for copyright protection under the United States Copyright Act will be deemed to be "works made for hire." The Contractor assigns all right, title, and interest it may have in the Works and the Documents to the State. The Contractor must, at the request of the State, execute all papers and perform all other acts necessary to transfer or record the State's ownership interest in the Works and Documents.

9.3. **Pre-existing Intellectual Property.** Each Party will retain ownership of its respective Pre-Existing Intellectual Property. The Contractor grants the State a perpetual, irrevocable, non-exclusive, royalty free license for Contractor's Pre-Existing Intellectual Property that are incorporated in the products, materials, equipment, deliverables, or services that are purchased through the Contract.

9.4. Obligations.

9.4.1. **Notification.** Whenever any invention, improvement, or discovery (whether or not patentable) is made or conceived for the first time or actually or constructively reduced to practice by the Contractor, including its employees and subcontractors, in the performance of this Contract, the Contractor will immediately give the State's Authorized Representative written notice thereof, and must promptly furnish the State's Authorized Representative with complete information and/or disclosure thereon.

9.4.2. **Representation.** The Contractor must perform all acts, and take all steps necessary to ensure that all intellectual property rights in the Works and Documents are the sole property of the State, and that neither Contractor nor its employees, agents, or subcontractors retain any interest in and to the Works and Documents. The Contractor represents and warrants that the Works and Documents do not and will not infringe upon any intellectual property rights of other persons or entities.

9.4.3. **Indemnification.** Notwithstanding any other indemnification obligations addressed within this Contract, the Contractor will indemnify; defend, to the extent permitted by the Attorney General; and hold harmless the State, at the Contractor's expense, from any action or claim brought against the State to the extent that it is based on a claim that all or part of the Works or Documents infringe upon the intellectual property rights of others. The Contractor will be

responsible for payment of any and all such claims, demands, obligations, liabilities, costs, and damages, including, but not limited to, attorney fees. If such a claim or action arises, or in the Contractor's or the State's opinion is likely to arise, the Contractor must, at the State's discretion, either procure for the State the right or license to use the intellectual property rights at issue or replace or modify the allegedly infringing works or documents as necessary and appropriate to obviate the infringement claim. This remedy of the State will be in addition to and not exclusive of other remedies provided by law.

10. Copyright.

10.1. The Contractor must save and hold harmless the State of Minnesota, its officers, agents, servants and employees, from liability of any kind or nature, arising from the use of any copyrighted or noncopyrighted compositions, secret process, patented or nonpatented invention, article or appliance furnished or used in the performance of the Contract.

11. Contractor's Documents.

11.1. Any licensing and maintenance agreement, or any order-specific agreement or document, including any pre-installation, linked or "click through" agreement that is allowed by, referenced within or incorporated within the Contract whenever the Contract is used for a State procurement, whether directly by the Contractor or through a Contractor's agent, subcontractor or reseller, is agreed to only to the extent the terms within any such agreement or document do not conflict with the Contract or applicable Minnesota or Federal law, and only to the extent that the terms do not modify, diminish or derogate the terms of the Contract or create an additional financial obligation to the State. Any such agreement or document must not be construed to deprive the State of its sovereign immunity, or of any legal requirements, prohibitions, protections, exclusions or limitations of liability applicable to this Contract or afforded to the State by Minnesota law. A State employee's decision to choose "accept" or an equivalent option associated with a "click-through" agreement does not constitute the State's concurrence or acceptance of terms, if such terms are in conflict with this section.

12. State Audits.

12.1. Under Minn. Stat. § 16C.05, subd. 5, the Contractor's books, records, documents, and accounting procedures and practices relevant to this Contract are subject to examination by the State, the State Auditor, or Legislative Auditor, as appropriate, for a minimum of six years from the expiration or termination of this Contract.

13. Diverse Spend Reporting.

13.1. If the total value of the Contract may exceed \$500,000, including all extension options, Contractor must track and report, on a quarterly basis, the amount paid to diverse businesses both: 1) directly to subcontractors performing under the Contract, and 2) indirectly to diverse businesses that provide supplies/services to your company (in proportion to the revenue from this Contract compared to Contractor's overall revenue). When this applies, Contractor will register in a free portal to help report the Tier 2 diverse spend, and the requirement continues as long as the Contract is in effect.

14. Publicity and Endorsement.

14.1. **Publicity.** Any publicity regarding the subject matter of this Contract must identify the State as the sponsoring agency and must not be released without prior written approval from the State's Authorized Representative. For purposes of this provision, publicity includes notices, informational pamphlets, press releases, information posted on corporate or other websites, research, reports, signs, and similar public notices prepared by or for the Contractor individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Contract.

- 14.2. **Endorsement.** The Contractor must not claim that the State endorses its products or services.
15. **Debarment by State, its Departments, Commissions, Agencies, or Political Subdivisions.**
- 15.1. Contractor certifies that neither it nor its affiliates is presently debarred or suspended by the Federal government, the State, or any of the State's departments, commissions, agencies, or political subdivisions. Contractor's certification is a material representation upon which the Contract award was based. Contractor will provide immediate written notice to the State's Authorized Representative if at any time it learns that this certification was erroneous when submitted or becomes erroneous by reason of changed circumstances. Contractor further agrees to include a provision requiring such compliance in its lower tier covered transactions.
16. **Federal Funds.**
- 16.1. **Compliance with Federal Requirements.** Federal money will be used or may potentially be used to pay for all or part of the goods, construction or services under the Contract. The Contractor is responsible for compliance with all federal requirements imposed on the funds and accepts full financial responsibility for any requirements imposed by the Contractor's failure to comply with federal requirements.
- 16.2. **Certification regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion.** Federal money will be used (or may potentially be used) to pay for all or part of the work under this contract; therefore, this contract is a covered transaction for purposes of 48 Code of Federal Regulations (CFR) Subpart 9.4 and 2 CFR part 180. As such, Contractor, by signing and submitting this contract, certifies that none of Contractor or its affiliates (as defined by 48 CFR 9.403), are suspended, debarred, proposed for debarment, declared ineligible, or voluntarily excluded by the federal government or a federal agency. Contractor is required to comply with this certification throughout the period of this contract. Contractor must include the requirement to comply with 48 CFR 9.403 in any lower tier covered transaction it enters into. The certification in this clause is a material representation of fact relied upon by State. If it is later determined that Contractor knowingly rendered an erroneous certification, in addition to remedies available to State, the Federal Government may pursue available remedies, including, but not limited to, suspension and/or debarment.
17. **Contingency Fees Prohibited.**
- 17.1. Pursuant to Minn. Stat. § 10A.06, no person may act as or employ a lobbyist for compensation that is dependent upon the result or outcome of any legislation or administrative action.
18. **Certification of Nondiscrimination (in accordance with Minn. Stat. § 16C.053).**
- 18.1. If the value of this Contract, including all extensions, is \$50,000 or more, Contractor certifies that it does not engage in and has no present plans to engage in discrimination against Israel, or against persons or entities doing business in Israel, when making decisions related to the operation of the vendor's business. For purposes of this section, "discrimination" includes but is not limited to engaging in refusals to deal, terminating business activities, or other actions that are intended to limit commercial relations with Israel, or persons or entities doing business in Israel, when such actions are taken in a manner that in any way discriminates on the basis of nationality or national origin and is not based on a valid business reason.
19. **Non-discrimination (in accordance with Minn. Stat. § 181.59).**
- 19.1. The Contractor will comply with the provisions of Minn. Stat. § 181.59.
20. **E-Verify Certification (in accordance with Minn. Stat. § 16C.075).**
- 20.1. For services valued in excess of \$50,000, Contractor certifies that as of the date of services performed on behalf of the State, Contractor and all its subcontractors will have implemented or be in the process of implementing the federal E-Verify Program for all newly hired employees in the United States who will

perform work on behalf of the State. Contractor is responsible for collecting all subcontractor certifications and may do so utilizing the E-Verify Subcontractor Certification Form available at <http://www.mmd.admin.state.mn.us/doc/EVerifySubCertForm.doc>. All subcontractor certifications must be kept on file with Contractor and made available to the State upon request.

21. **Affirmative Action Requirements.**

The State intends to carry out its responsibility for requiring affirmative action by its contractors.

- 21.1. **Covered Contracts and Contractors.** If the Contract exceeds \$100,000 and the Contractor employed more than 40 full-time employees on a single working day during the previous 12 months in Minnesota or in the state where it has its principal place of business, then the Contractor must comply with the requirements of Minn. Stat. § 363A.36 and Minn. R. 5000.3400-5000.3600.
- 21.2. **General.** Minn. R. 5000.3400-5000.3600 implements Minn. Stat. § 363A.36. These rules include, but are not limited to, criteria for contents, approval, and implementation of affirmative action plans; procedures for issuing certificates of compliance and criteria for determining a contractor's compliance status; procedures for addressing deficiencies, sanctions, and notice and hearing; annual compliance reports; procedures for compliance review; and contract consequences for non-compliance. The specific criteria for approval or rejection of an affirmative action plan are contained in various provisions of Minn. R. 5000.3400-5000.3600 including, but not limited to, Minn. R. 5000.3420-5000.3500 and 5000.3552-5000.3559.
- 21.3. **Disabled Workers.** The Contractor must comply with the following affirmative action requirements for disabled workers.

AFFIRMATIVE ACTION FOR DISABLED WORKERS

- 21.3.1. The Contractor must not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The Contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.
 - 21.3.2. The Contractor agrees to comply with the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.
 - 21.3.3. In the event of the Contractor's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with Minn. Stat. § 363A.36, and the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.
 - 21.3.4. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the Commissioner. Such notices must state the Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled employees and applicants for employment, and the rights of applicants and employees.
 - 21.3.5. The Contractor must notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Contractor is bound by the terms of Minn. Stat. § 363A.36, of the Minnesota Human Rights Act and is committed to take affirmative action to employ and advance in employment physically and mentally disabled persons.
- 21.4. **Consequences.** The consequences for the Contractor's failure to implement its affirmative action plan or make a good faith effort to do so include, but are not limited to, suspension or revocation of a certificate

of compliance by the Commissioner, refusal by the Commissioner to approve subsequent plans, and termination of all or part of this Contract by the Commissioner or the State.

21.5. **Certification.** The Contractor hereby certifies that it is in compliance with the requirements of Minn. Stat. § 363A.36 and Minn. R. 5000.3400-5000.3600 and is aware of the consequences for noncompliance.

22. **Equal Pay Certification.**

22.1. If required by Minn. Stat. §363A.44, the Contractor must have a current Equal Pay Certificate prior to Contract execution. If Contractor's Equal Pay Certificate expires during the term of this Contract, Contractor must promptly re-apply for an Equal Pay Certificate with the Minnesota Department of Human Rights and notify the State's Authorized Representative once the Contractor has received the renewed Equal Pay Certificate. If Contractor claims to be exempt, the State may require Contractor to verify its exempt status.

23. **IT Accessibility Standard.**

23.1. Contractor acknowledges and is fully aware that the State of Minnesota (Executive branch state agencies) has developed IT Accessibility Standard effective September 1, 2010. The standard entails, in part, the Web Content Accessibility Guidelines (WCAG) and Section 508 which can be viewed at:

<https://mn.gov/mnit/government/policies/accessibility/>.

23.2. The Standards apply to web sites, software applications, electronic reports and output documentation, training delivered in electronic formats (including, but not limited to, documents, videos, and webinars), among others. The Standards do not apply to designs, plans, layouts, maps and similar documents. As upgrades are made to the software, products, or subscriptions available through this Contract, the Contractor agrees to develop functionality which supports accessibility. If any issues arise due to nonconformance with the above-mentioned accessibility Standards, the Contractor agrees to provide alternative solutions upon request at no additional charge to the State.

23.3. When updates or upgrades are made to the products or services available through this Contract, the Contractor agrees to document how the changes will impact or improve the product's or service's accessibility and usability. This documentation, upon request, must be provided to the State in advance of the change, occurring within an agreed upon timeframe sufficient for the State to review the changes and either approve them or request a remediation plan from the Contractor. Contractor warrants that its Products comply with the above-mentioned accessibility Standards and agrees to indemnify, defend, and hold harmless the State against any claims related to non-compliance of Contractor's Product with the above-mentioned accessibility Standards. If agreed-upon updates fail to improve the product or service's accessibility or usability as planned, the failure to comply with this requirement may be cause for contract cancellation or for the State to consider the Contractor in default.

24. **Nonvisual Access Standards.**

24.1. Pursuant to Minn. Stat. § 16C.145, the Contractor must comply with the following nonvisual technology access standards to the extent required by law:

- Executive branch state agencies subject to Section 16E.03, subdivision 9, are not required to include nonvisual technology access standards developed under this Section in contracts for the procurement of information technology.

These standards do not require the installation of software or peripheral devices used for nonvisual access when the information technology is being used by individuals who are not blind or visually impaired.

25. **AASHTOWare Activities.**

- 25.1. For contracts that involve the use of AASHTOWare; AASHTOWare activities conducted by Contractor must adhere to the software license agreement(s) that State has executed with the American Association of State Highway and Transportation Officials (AASHTO). Background

Contractor will complete an Archaeological Assessment for the West Superior Street reconstruction project located in Duluth, MN. The proposed reconstruction project includes an ADA compliant pedestrian realm, a two-way protected bikeway, integrated rapid transit system route, energy efficient street lighting, electric vehicle charging stations, green infrastructure, above-ground streetscape with new sidewalks, bicycle e-scooter and micro-mobility accommodations, transit stations, street trees, and plantings. The reconstruction will include replacing all underground utilities and adding fiber optics for a future broadband corridor. The project is anticipated to be completed within the existing public right-of-way. The Archaeology Review Area (ARA) has been preliminary defined as the construction limits plus all areas of anticipated land acquisitions or easement.

Project Tasks**Task 1: Literature Review, Background Research, and Phase I Archaeological Fieldwork**

- 1.1 Contractor will conduct research at the State Historic Preservation Office (SHPO) and Office of State Archaeologist (OSA) to identify all known precontact and post-contact archaeological and burial sites that have been previously identified within a one-mile radius of the ARA. The one-mile radius aids in the determination of archaeological site potential and in understanding the archaeological and historical contexts that may apply.
- 1.2 Contractor will conduct Desktop research to review MnModel data, Sanborn maps, State R/W maps (current and historic), plat maps, John R. Borchert Map Library materials, geo-referenced map overlays, aerial photographs, topographic maps, soils data, and project plans within the ARA.
- 1.3 Contractor will be available to help organize, communicate, and process GIS spatial data as needed prior to, during, and following the completion of fieldwork.
- 1.4 The Phase I archaeological survey will involve a visual assessment of the ARA to confirm the assessment of potential, identify any additional areas of previous disturbance, and attempt to identify any surface features that may not be depicted on historical maps or aerial images.
- 1.5 Consistent with the *SHPO Manual for Archaeological Project in Minnesota*, portions of the ARA with moderate to high potential that are characterized by less than 25 percent ground surface visibility will be shovel tested per SHPO standards. Based on a preliminary review of project maps, these conditions will apply to the northeastern portion of the ARA, which will be shovel tested at 15-m intervals.
- 1.6 It is assumed that no more than 57 shovel tests will be required to complete the survey, including radial shovel tests in the event a site is identified. If the visual assessment indicates that more or less of the ARA possesses moderate to high archaeological potential, the level of survey will be refined accordingly.
- 1.7 The areas beneath the existing roadways, parking lots, driveways, and any other areas capped by concrete or asphalt may be assessed as having the potential to contain intact archaeological resources. It is assumed these areas will be inaccessible for this survey and recommendations for future work, if necessary, will be included in the archaeology report.
- 1.8 Contractor's Principal Investigator will obtain an OSA license prior to the initiation of fieldwork. Contractor will ensure that all public utilities within the ARA are located and clearly marked prior to the initiation of survey.

Task 2: Analysis and Reporting

- 2.1 All artifacts recovered will be returned to Contractor's laboratory for processing and analysis. These artifacts will be prepared according to the standards of and submitted for curation at the Minnesota Historical Society (MNHS). It is assumed no more than 25 artifacts will be recovered. No more than one accession number will be required by MNHS, and all artifacts can be stored for curation in one MNHS approved banker's box.
- 2.2 Contractor will prepare and submit one Minnesota Archaeological Site Form to the OSA, in keeping with state professional standards and requirements of the OSA Phase I license.

Exhibit C: Specifications, Duties, and Scope of Work

2.3 Contractor will prepare a technical report describing project methodology, results, and recommendations. The technical report will be drafted within State reporting guidelines and will include georeferenced maps identifying locations of historical structures and features. One copy of the draft report will be prepared for review in electronic format. It is assumed that no more than two rounds of review by additional consulting parties, such as OSA, Minnesota Indian Affairs Council (MIAC), and interested Tribal Nations, will be required. Following revisions, Contractor will provide a final copy of the report in an electronic format for distribution to appropriate review agencies. GIS data will also be submitted per State requirements.

Task 3: Phase II Archaeological Fieldwork

- 3.1 If Tasks 1 and 2 identify site(s) that appear to be eligible or potentially eligible for inclusion in the National Register of Historic Places (NRHP), then the Phase I Archaeological Survey Report will include the appropriate recommendations.
- 3.2 This may include recommendation for Phase II archaeological evaluation, depending on the characteristics of the site(s), the nature of the eligibility or potential eligibility, and the potential for effects associated with the project.
- 3.3 The intensity, extent, and level of effort associated with any Phase II evaluation will be customized to the circumstances and associated costs will be provided, as needed.

Task 4: Communication and Meetings

- 4.1 State will initiate and lead all consultant with MIAC and OSA regarding the applicability of the Private Cemeteries Act. Contractor will be available to participate in or assist with this coordination as needed.
- 4.2 Contractor will meet with State's CRU, if necessary, to address any potential effects the project may have on any intact archaeological resources, if any are identified within the ARA.
- 4.3 The intensity, extent, and level of effort associated with any Phase II evaluation will be customized to the circumstances and associated costs will be provided, as needed.
