Interests & Experiences

Why are you interested in serving on a board or commission?

I'm not as involved with Loaves and Fishes these days and am interested in more civic engagement. The Human Rights Commission suits my interest and background. Aside from various issues related to loaves and fishes guests, I have been involved in helping solve issues for neighbors in Lincoln Park. I've worked toward improving neighbor relations and increasing interdependence and sustainability practices. I have experienced and survived military anti-homosexual witch hunts. As a result, I have also dealt with major depression and PTSD. I've also recently experienced cancer treatment. I've experienced anti-white discrimination from hispanic, african american, and native american entities. I've also experienced misogyny and abuse. I feel that I have had enough experiences and have an appropriate level of empathy to contribute a positive and useful presence to the Duluth Human Rights Commission.
