

CONTRACT FOR FALSE ALARM BILLING AND TRACKING SERVICES

THIS CONTRACT FOR FALSE ALARM TRACKING AND BILLING SERVICES ("Contract") made and entered into this 1st day of October, 2015, by and between the **City of Duluth**, a municipal corporation of the State of Minnesota, 411 W. 1st Street, Duluth, MN 55802 ("CITY") and **Public Safety Corporation** ("CONTRACTOR"), a corporation of the State of Florida with its principal offices located at 103 Paul Mellon Court, Waldorf, Maryland, 20602.

WITNESSETH:

Whereas, Chapter 29B of the Duluth City Code regulates alarm systems and false alarm calls ("Alarm Ordinance"); and

Whereas, the goal of the CITY is to encourage more responsible use of alarm systems and to reduce the number of false alarms to which public safety officers must respond by accurately tracking false alarm instances and assessing fees and penalties as required by the Alarm Ordinance; and

Whereas, the CITY is hiring CONTRACTOR to assist the CITY in the enforcement of the Alarm Ordinance so that persons and organizations that use alarm systems can be held accountable for false alarms through a system of fees and penalties; and

Whereas, the CONTRACTOR created and markets the software system called CryWolf® ("Software"), an integrated suite of software applications operating in a Windows-based environment, designed to assist false alarm reduction managers and planners in government agencies and industry in accessing information relevant to false alarms; and

Whereas, Duluth desires to engage the CONTRACTOR to provide the false alarm solution ("Services") described in Attachment A; and

Whereas, the CONTRACTOR desires to accept such engagement.

Now, Therefore, the parties agree as follows:

1. Term.

The term of this Contract shall commence on October 1, 2015, (the "Effective Date") and shall continue for a period of five years.

2. Contract Documents and Order of Precedence.

The contract documents consist of the following Attachments which are incorporated into the Contract by this reference:

A. **Attachment A**, describes the Scope of Services to be provided by the CONTRACTOR and the City's operational responsibilities, and Attachment B, Payment Terms.

B. The Order of Precedence shall be as follows: (1) this Contract; (2) Attachment A; and (3) Attachment B.

3. Alarm Management Scope of Services.

A. The CONTRACTOR shall provide the Alarm Management Services described in **Attachment A - Alarm Management Services**.

B. The Alarm Management Services shall assist Duluth in enforcing its Alarm Ordinance to include tracking of responsible persons (including individuals, businesses and government agencies) who use alarm systems, registering of alarm systems, billing and notification of permit and false alarm fees in accordance with the Alarm Ordinance and at the direction and under the supervision of Duluth's Alarm Administrator, maintenance of a database of persons who use alarm systems, tracking of false alarm occurrences, collection of fees, the collection and enforcement of penalties for violations, generating performance and outcome reports and assuring the availability to Duluth of timely false alarm information, all as more specifically described in **Attachment A - Alarm Management Services**.

4. Software license.

Duluth shall be licensed and authorized to use the Software and any additional specific customization and development provided as part of the Alarm Management Services described in **Attachment A**. The license shall cover all Software, including, without limitation, software interfaces and software modifications. The scope of the license is non-transferable and non-exclusive and is authorized by CONTRACTOR for use by Duluth to access its false alarm information.

5. Duration of the Software License.

Duluth shall have the right to use the Software in accordance with **Attachment A** for so long as the CONTRACTOR provides Alarm Management Services to Duluth and/or licenses the Software in accordance with the Termination provisions in this Contract. This license shall apply for the duration of the Contract and any extensions provided for herein or agreed to in writing by the parties. In the event the business relationship with CONTRACTOR is terminated or ended for any reason, Duluth's license rights to use the Software shall likewise terminate except as provided for in this Contract, including **Attachment B**.

6. Modification of the Software.

A. Modifications or adaptations of the Software shall be limited to creating or providing interfaces between the Software and Duluth's computer systems required to import or export data in order to implement the Software.

B. Duluth shall retain a nonexclusive License to use the modified and/or "customized" interfaces with the Software, provided, however, the use of the original Software with such adaptations in any projects other than the management of the Alarm Ordinance shall be subject to additional compensation to CONTRACTOR in an amount and subject to terms to be determined by the parties in writing prior to any such additional use.

7. Protecting Confidential and Proprietary Information.

The proprietary information of both parties, CONTRACTOR and Duluth is and shall remain the valuable intellectual property of each respective party. Except as required by law, neither party shall disclose any such information to any third party for any reason without the express written consent of the other party and shall only use proprietary information for internal purposes to facilitate and assist CONTRACTOR and CITY staff in the administration of the Alarm Ordinance. In addition, the parties shall provide reasonable safeguards to protect their respective software, hardware systems and data from unauthorized intrusion by third parties. Notwithstanding, the parties recognize that the CITY is a government body subject to compliance with Minnesota Data Practices laws.

Names, addresses, type of alarm, identification information of any alarm monitoring company, or identification information of any person cited under the Alarm Ordinance shall not be released, exhibited or sold to any third party by CONTRACTOR, except as required by law.

All data received hereunder shall be made a part of Duluth's permanent records and files and preserved therein for a period in accordance with the requirements of Minnesota law. Duluth will inform CONTRACTOR of the required retention time in writing at the beginning of the Contract term and, in the event these requirements change, as soon as those changes are approved by the appropriate State or City agency.

All alarm related data maintained by the CONTRACTOR shall remain the property of the City. If the contract is terminated for any reason, the CONTRACTOR shall provide such data to Duluth on a timely basis in a mutually acceptable, electronic file format.

8. Reproduction and Copyright.

A. The Software is protected under the Copyright and Patent laws of the United States, and as extended by treaty, with Canada. Duluth will not copy, or allow anyone else to copy or otherwise reproduce, any part of the Software without the prior written consent of CONTRACTOR, except to store and/or install a copy of the Software on a storage device, such as a network server, used only to run the Software on other computers over an internal network and except for two copies for back-up or archive purposes.

B. Duluth may copy any CONTRACTOR provided Software as necessary to its hard disks or other such storage medium to efficiently operate the Software on Duluth single-user system, multiple-user system, or network. The Software shall be copied as a whole, and the use of the copies shall be governed by this Contract. All other copying is prohibited.

9. Limitations on the Use of the Software.

Duluth may not reverse engineer, decompile, or disassemble the Software. The Software is licensed as a single product. Its component parts may not be separated.

10. Notices of Intellectual Property Rights.

Duluth shall assure that CONTRACTOR's notices of intellectual property (e.g., patent, trademark, and copyright notices) provided by CONTRACTOR, if any, shall remain visible on the Software when displayed electronically, or when output created by it is printed for distribution to persons or organizations outside the normal scope of the Alarm Ordinance.

11. Payment.

Duluth shall pay the CONTRACTOR for the Services described, in accordance with **Attachment B** ("Payment Terms").

12. Collection of Fines.

The parties recognize that the City has the administrative discretion to administer the collection of fines in the manner it deems appropriate. Notwithstanding the City's inherent administrative discretion, the CITY shall support the collection of false alarm fees, fines and penalties in accordance with the Alarm Ordinances and at the direction of the Alarm Administrator. If the CITY directs CONTRACTOR to engage a third-party collection organization for delinquent amounts, the CITY shall cause the necessary legislative and administrative procedures to be enacted and/or adopted in order to delegate to the CONTRACTOR the authority to collect the delinquent fees on behalf of the CITY.

13. Confidentiality of Duluth False Alarm Data.

Any false alarm collection data provided to the CONTRACTOR during the performance of the Alarm Management Services shall be used only in a manner consistent with this Contract, and no false alarm collection data shall be disclosed without the prior written consent of Duluth. If such disclosure is compelled or required in any judicial or administrative proceeding, the CONTRACTOR shall, before disclosing such information, first notify Duluth and give Duluth an opportunity to object to the disclosure.

In the event Duluth objects to such disclosure, it shall notify the CONTRACTOR that it will indemnify it, to the extent provided by law, for any costs and expense incurred, including, without limitation, the cost of attorney fees expended in the defense of any action or proceeding, or relating to the refusal to disclose such information.

14. Duluth Alarm Administrator.

To facilitate effective communication between Duluth and the CONTRACTOR, and in accordance with the Alarm Ordinance, Duluth shall designate an Alarm Administrator. The Alarm Administrator shall have the power and authority to make decisions relating to the Services. A secondary Alarm Administrator will also be designated to act on behalf of the Alarm Administrator when the primary Alarm Administrator is unavailable. The primary and secondary Alarm Administrators shall be designated by Duluth. The Alarm Administrator has the authority to waive, void, or modify violation notices and the resulting fine amounts. Any such waiver, modification, or voiding will be communicated to the CONTRACTOR in a written format.

15. Resolution of Disputes.

A. *Mediation.* In the event of a dispute between the parties concerning any matter arising under this Contract, the parties shall proceed to good-faith mediation of the dispute. The mediation venue shall be Duluth, Minnesota. The cost of mediation shall be shared equally.

16. Termination.

A. *For Convenience.* Either party may terminate this Contract for any reason and at any time by giving at least ninety (90) days written notice to the other party of such termination and specifying the effective date thereof. If the Contract is terminated by the CITY, the CONTRACTOR shall be paid for any services already performed by sharing in the collections of all amounts billed by the CONTRACTOR through the date of termination. If the Contract is terminated by the CONTRACTOR, the CONTRACTOR shall provide an option for the CITY to transition operation of the alarm program to City facilities and staff using the CONTRACTOR's proprietary Software as described in Paragraph 18A.

B. *For Cause.* Either party may terminate this Contract for cause if the other party does not perform its duties or exercise its responsibilities in accordance with this Contract including the maintenance of the system of fees and fines in effect at the beginning of the Contract period. Upon an event of cause by either party (Non-performing party), the other (Claimant) party shall provide thirty (30) days prior written notice to the non-performing party that the Contract terms have not been carried out in accordance with this Contract. If the event of cause is not corrected by the Non-performing party to the reasonable satisfaction of the Claimant, the Claimant may terminate this Contract after a thirty (30) day written cure notice to the Non-performing party.

17. Rights upon Termination.

A. If the CONTRACTOR is entitled to terminate this Contract or the CITY chooses not to continue the Contract for its convenience, the CONTRACTOR shall offer Duluth an option, which must be exercised within thirty (30) calendar days after the Notice of Termination, to continue a conditional, uninterrupted, non-exclusive and non-transferable license to use the proprietary Software as necessary to support and administer Duluth's Alarm Ordinance conditional on the payment of one-time transitional service and ongoing annual license, maintenance and support fees at the CONTRACTOR's then prevailing rates.

B. If Duluth terminates this Contract or if the CONTRACTOR terminates for cause, Duluth, in addition to payment of false alarm collections owed to the CONTRACTOR based on the CONTRACTOR's billings through the date of termination, CITY shall undertake good faith efforts to collect any Alarm Management Services fees and civil penalties for Ordinance violations billed, but not yet collected, as of the date of termination, in order to pay the CONTRACTOR, all amounts due the CONTRACTOR as a result of efforts engaged in by the CONTRACTOR on Duluth's behalf.

C. In the event that either party terminates this agreement, the CONTRACTOR agrees that all data collected under this agreement is part of Duluth's permanent record and that all data, including historical records under the required retention time will be provided to Duluth in an agreed upon data format within 30 days of the termination date.

18. Indemnification.

A. The CONTRACTOR shall indemnify, hold harmless, and defend Duluth, its elected and appointed officials, employees, agents and successors in interest from all claims, damages, losses and expenses including attorney's fees, arising out of or resulting, directly or indirectly, from the CONTRACTOR's (or CONTRACTOR's subcontractors, if any) performance or breach of the Contract provided that such claim, damage, loss, or expense is not caused by

the negligent act or omission or willful misconduct of Duluth or its elected and appointed officials and employees acting within the scope of their employment. This Hold Harmless and Indemnification provision shall in no way be limited by any financial responsibility or insurance requirements and shall survive the termination of this Contract.

B. In the event that a claim is made against the CONTRACTOR, which arises out of the negligence or willful misconduct of Duluth or any of Duluth's employees, Duluth shall indemnify the CONTRACTOR to the extent Duluth is liable and authorized to do so under the law.

C. Any party seeking indemnification shall promptly notify the other party of its discovery of any matter-giving rise to a claim of indemnity. For each individual claim, the indemnifying party shall have no obligation to the other or to any third party with respect to any expenses incurred by or on behalf of the other or its assumption of control of the defense of the claim, or with respect to any compromise or settlement made, without the prior written consent of both parties.

19. Patent infringement.

The CONTRACTOR shall indemnify Duluth, its elected and appointed officials, officers, employees, agents, and successors in interest from and against all damages and expenses resulting from any infringement action brought against the CONTRACTOR, or against Duluth to the extent that any such action is predicated on the use of CONTRACTOR's software, during the term of this Contract. This Hold Harmless and Indemnification provision shall in no way be limited by any financial responsibility or insurance and shall survive termination of this contract

21. Limitation of Liability.

In no event shall either Party be liable to the other for special damages arising out of or relating to performance and nonperformance. This limitation shall apply regardless of the form of action, whether in contract or in tort, including negligence or misrepresentation.

22. Insurance.

The CONTRACTOR shall provide and maintain in full force and effect at no additional cost to Duluth for the duration of the Contract commercial general liability insurance or comprehensive general liability insurance with a minimum limit of \$1,500,000 per occurrence for bodily injury and damage to property including contractual liability, premises/operations, products/completed operations, independent CONTRACTORS, broad form property damage, and personal injury coverage and a minimum aggregate amount of \$1,500,000 or commercial/comprehensive general liability insurance plus additional excess umbrella liability insurance to meet these limits.

The CONTRACTOR agrees that it shall add Duluth, its elected and appointed officials, officers, employees, agents, and successors in interest to the CONTRACTOR's liability insurance policies as additional insureds. The CONTRACTOR shall require its insurance carrier or agent to certify that this requirement has been satisfied on all Insurance Certificates issued under this Contract.

23. Assignment.

This Contract shall not be assigned to any third party without prior written consent, which may be withheld in the sole and absolute discretion of either party. A change in ownership of the CONTRACTOR or a purchase of the majority of assets or stock of the CONTRACTOR by another company shall not be considered an assignment of this Contract.

If any provision of this Contract is held invalid or otherwise unenforceable, the enforceability of the remaining provisions shall not be impaired.

The failure by any party to exercise any right stated in this Contract shall not be deemed a waiver of the right.

28. Complete Agreement.

This Contract when signed by both parties sets forth the entire understanding of the parties as to its subject matter, conditions and obligations and may not be modified except by further written agreement.

ATTACHMENT B PAYMENT TERMS

1. Revenue Sharing Percentage

For the provision of all Services and technology outlined in this Contract, CONTRACTOR shall obtain payment exclusively from the revenues CONTRACTOR helps generate. There will be no upfront systems development, licensing, conversion, equipment, travel, support or other costs. CONTRACTOR shall purchase, configure, install, and customize all systems and processes CONTRACTOR requires to provide the Services described herein. The Revenue Sharing schedule is as follows:

Contractor and City Percentage Share of Collected Revenue

<u>Alarm Fees and Charges</u>	
Revenue Years 1 through 5:	
Contractor	35%
City	65%

The only amounts that shall be paid from the total collected revenue from fines and subtracted from the total collected revenue before the revenue sharing percentages are applied are:

1. Any overpayments by alarm users to be refunded or held for application against future charges, as directed by the CITY;
2. Bank fees charged by the CITY-approved lockbox bank;
3. Special mailing costs, if any, as directed by the CITY, in excess of U.S. Post Office first class rates; and,
4. Third-party credit card processing charges, if any.

Any certified mail requirements will be billed separately on a monthly basis and is not subject to the revenue share division.

The revenue share percentages are based on several assumptions over which the CONTRACTOR has little or no control:

- The Ordinance fee and fine schedules remain at levels equal to or greater than at the Contract effective date;
- The CITY adopts a fair, but firm approach to granting appeals. Appeals and CITY waived charges are expected to reduce collections by no more than 5% annually; and
- The CITY actively supports enforcement of the Alarm Ordinance, including support of reasonable measures to collect all amounts due for violations of the Alarm Ordinance.

Revenue Share Payment Process

Duluth and CONTRACTOR agree as follows:

1. All false alarm related fee collections from any payment method, including but not limited to bank lockbox and online credit card, shall be deposited, as soon as practical, in a False Alarm Bank Account ("False Alarm Account") to be established at a mutually agreeable Commercial Bank;
2. Duluth and CONTRACTOR agree to maintain a positive balance of available funds ("Minimum Balance") at all times in the False Alarm Account;
3. At the beginning of each month, CONTRACTOR will reconcile the alarm related deposits for the most recent completed month and report the same to Duluth. Upon Duluth's approval, Duluth and CONTRACTOR shall authorize and cause the issuance of electronic (ACH) transfers to Duluth and to CONTRACTOR as follows:
 - a. With regard to the transfer to CONTRACTOR, the amount will be calculated for CONTRACTOR based on the Revenue Share Table and adjustments described above. That amount, not to exceed 35% of the revenue collected during the preceding month, shall be transferred to a bank and account authorized by CONTRACTOR; and,
 - b. The remaining balance of the revenue collected during the preceding month of no less than 65%, shall be transferred to a bank and City account specified by Duluth.
4. At the termination of this Contract, any remaining balance shall be transferred to CONTRACTOR and to Duluth on the same prorata basis, e.g. 35% and 65% respectively.
5. Duluth is a Minnesota public entity and all financial obligations extending beyond the current fiscal year are subject to funds being budgeted and appropriated therefore.

Delinquent Account Terms

The parties shall define a mutually agreeable process and methods for collecting amounts due from delinquent accounts. If organizations other than the CITY and CONTRACTOR are retained to collect overdue amounts, the parties agree that the collection costs shall to the extent permitted by State of Minnesota law be added to the delinquent amounts owed by alarm system users or be borne by the parties on a pro-rata basis by deducting the third party collection fees from the gross third party collections before the revenue shares are calculated.
