**Subject:** Gas Station Noise

Greetings councilors,

It's Sunday morning. We went to bed last eve with the window open, on a glorious late August evening. This morning we were awakened shortly after 6 a.m. by the blaring noise of audio advertising, coming from the gas station located at 4001 Woodland Avenue.

I cannot emphasize enough that the noise coming from this business location is a nuisance to our mixed-use neighborhood. As I have mentioned in previous communications to you, I plead that this and similar businesses in the City of Duluth manage their operations in a law-abiding manner and act as good neighbors.

Again, I am asking for your support in this regard.

Marsha Erickson  
3910 Woodland Avenue
