Interests & Experiences

Why are you interested in serving on a board or commission?

I have a desire to give back to the community where I live. Duluth is a wonderful place, and I am well aware that it takes the time and dedication of our citizens to make it what it has become today. As the father of 3 young children, we enjoy utilizing the many great outdoor activities Duluth has to offer, with Spirit Mountain Recreation Area being no exception. I also believe my unique combination of experience in customer service, business development, and managing budgets and vendor relationships for a regulated and publicly-traded electric utility will all be beneficial to continue building on Spirit Mountain's recent growth and success.

Natural Gas and Water.

Specify TWO utilities regulated by the Duluth Public Utilities Commission that you use and pay for:

Specify your expertise in the areas of utility operation, finance and utility construction, or other relevant experience and the duration of the experience.

As a senior-level Planner Scheduler at ALLETE/Minnesota Power, I have heavy involvement in the budgeting process for both capital and O&M expenses for the Cyber Technology Services department. This is a large group, that supports both Information Technology and Operational Technology across the company and our subsidiaries. As a capital-intensive department, with many ongoing operations and maintenance needs, I can utilize my experience managing these expenses and agreements to benefit the operating efficiency at Spirit Mountain.
