Description of Project

A. Need: Explain why there is demand for this project or why it is necessary. *(Use only the space provided).*

B. Project goal and objectives *(use only the space provided):*

- 1) Based on the need for this project, outline your goals and learning objectives in specific detail.
- 2) Describe how your project will meet these goals and objectives.
- 3) Does your project pilot or test new and innovative ways of reaching youth and get them outdoors?

C. Target audience: Describe how your project maximizes the number of participants, especially from new, diverse, underrepresented, and underserved audiences with limited opportunities. *(Use only the space provided).*

D. Program design: Describe your program design, addressing the items below. *(Use only the space provided).*

- 1) Identify literature and examples of other successful projects that led to your project design and approach. Identify in detail the methods that will result in meeting stated objectives.
- 2) Is your project a single “one and done” experience or does it provide a multi-session, scope and sequence type learning opportunity?

E. Project sustainability and extensions: What is your plan to continue the project once the grant is over? How will you extend the results of your project and share with colleagues and other similar organizations that can learn from your project? *(Use only the space provided).*

F. Project evaluation plan – Summarize how you will evaluate the project to determine whether it has been successful – how you will track participants, what you will measure, what is the starting point for measurement, and how you will document and verify the results. *(Use only the space provided).*

Project Work Plan

Use the following format to develop a work plan that describes how you will deliver and evaluate your program, including timeframes. If awarded a grant, **this work plan and budget will be incorporated into your grant agreement.**

Organization _____

Project title _____

Goal statement – Identify the purpose and expected outcomes of the project – why is this project necessary and what is it you hope to achieve. *(Use only the space provided).*

Tasks – Outline the key steps (tasks) to implement the project and the necessary actions (subtasks) to implement each step. There is no minimum or maximum number of tasks a project must have. The two tasks that **must** be included are **Evaluation** and **Reporting**. For each subtask, identify the timeframe, responsible party, and estimated funds.

Sample work plan task table can be found on page 10 in the RFP, additional tasks sheets available upon request

Task number	Task name	Sub-task	Description of tasks	Person(s) responsible	Timeframe	Grant funds used	Match applied	Total cost

Project Grand Total _____

(grant funds used, match applied)

Budget Worksheet

Budget – Enter your projected costs in each applicable cost category in the tables below (State funds, Cash match, and In-kind match). Some projects won't have costs in all categories. Match may be in the form of cash or in-kind labor, materials, etc.

Important: Costs incurred prior to the start date of the grant agreement are not eligible for reimbursement or match. Please refer to the *RFP* for a full list of grant requirements, limitations and eligible costs.

Estimated Funding:

- a. State (amount you are requesting from MN DNR) \$ _____
- b. Applicant (funding from you) \$ _____
- c. Local funding from other sources (non-applicant) \$ _____
