

AGREEMENT FOR PROFESSIONAL SERVICES

CITY OF DULUTH & BARR ENGINEERING CO

THIS AGREEMENT is by and between the CITY OF DULUTH ("City") and BARR ENGINEERING CO. located at 325 South Lake Avenue, Suite 700, Duluth, MN, 55802 a corporation under the laws of Minnesota, ("Service Provider") for the purpose of rendering services to the City.

WHEREAS, the City desires to utilize Service Provider's professional services to conduct a Phase II environmental investigation at the former Franklin Foods production facility in Duluth; and

WHEREAS, Service Provider has represented that it is qualified and willing to perform said services.

NOW, THEREFORE, in consideration of the mutual covenants and conditions hereinafter contained, the parties hereto agree as follows:

1. Services to be Performed.

Service Provider will provide the services identified in the proposal dated September 1, 2016 attached hereto as Exhibit A. In the event of a conflict between this Agreement and Exhibit A, this Agreement shall control.

2. Delivery of Services.

Eric Dott shall assume primary responsibility for the delivery of professional services required by this Agreement.

3. Compensation.

It is agreed between the parties that the Service Provider's maximum compensation for services provided herein shall not exceed Fifty Thousand and no/100ths (\$50,000.00), payable from Fund 255-020-5319 (Economic Development Fund, Planning, Other Professional Services). All bills for services rendered shall be submitted monthly to the City's Business Resource Manager or designee (the "Manager"). Fees shall be billed at the rates set forth in Exhibit A.

4. General Terms and Conditions.

A. Standard of Performance.

Service Provider agrees that all services to be provided to the City pursuant to this Agreement shall be in accordance with the generally accepted standards of the profession for the provisions of services of this type.

B. Amendments. Any alterations, variations, modifications or waivers of terms of this Agreement including contract price shall be binding upon the City and Service Provider only upon being reduced to writing and signed by a duly authorized representative of each party.

C. Assignment. Service Provider represents that it will utilize only its own personnel in the performance of the services set forth herein; and further agrees that it will neither assign, transfer or subcontract any rights or obligations under this Agreement without prior written consent of the Manager.

D. Data and Confidentiality.

- (1) The City agrees that it will make available all pertinent information, data and records under its control for Service Provider to use in the performance of this Agreement, or to assist Service Provider wherever possible to obtain such records, data and information.
- (2) All reports, data, information, documentation and material given to or prepared by Service Provider pursuant to this Agreement will be confidential and will not be released by Service Provider without prior authorization from the City.
- (3) All notes, reports, records and other data prepared under this Agreement shall be deemed to become the property of the City upon creation. Service Provider agrees that all work created by Service Provider for the City is a "work made for hire" and that the City shall own all right, title and interest in and to the work, including the entire copyright in the work. Service Provider further agrees that to the extent the work is not a "work made for hire," Service Provider will assign to the City ownership of all right, title and interest in and to the work, including ownership of the entire copyright in the work. Service Provider agrees to execute, at no cost to the City, all documents necessary for the City to perfect its ownership of the entire copyright in the work. Service Provider represents and warrants that the work created or prepared by Service Provider will be original and will not infringe upon the rights of any third party, and Service Provider further represents that the work will not have been previously assigned, licensed or otherwise encumbered.

E. Records and Inspections.

(1) Establishment and Maintenance of Records.

Records shall be maintained by Service Provider in accordance with requirements prescribed by the City and with respect to all matters covered by this Agreement. Such records shall be maintained for a period of six (6) years after receipt of final payment under this Agreement.

(2) Documentation of Costs.

Service Provider will ensure that all costs shall be supported by properly executed payrolls, time records, invoices, contracts, vouchers or other official documentation evidencing in proper detail the nature and propriety of the charges. All checks, payrolls, invoices, contracts, vouchers, orders or other accounting documents pertaining in whole or in part to this Agreement shall be clearly identified and readily accessible.

(3) Reports and Information.

Service Provider shall provide to the Manager monthly reports detailing the services provided in the previous month. Service Provider shall be responsible for furnishing to the Manager any other records, data and information he may require pertaining to matters covered by this Agreement.

(4) Audits and Inspections.

Service Provider shall ensure that at any time during normal business hours and as often as the City may deem necessary, there shall be made available to the City for examination, all of its records with respect to all matters covered by this Agreement. Service Provider will also permit the City to audit, examine and make excerpts or transcripts from such records, and to make audits of all contracts, invoices, materials, payrolls, records of personnel, conditions of employment, and other data relating to all matters covered by this Agreement.

5. Contract Period.

This Agreement shall commence upon execution by all parties and shall expire on November 18, 2016, unless earlier terminated as provided for herein. Notwithstanding the above, the term of this Agreement may be extended upon the prior written approval of the Manager.

6. Termination of Services.

The City may, by giving written notice specifying the effective date thereof, terminate this Agreement in whole or in part, with or without cause. In the event of termination, all property and finished or unfinished documents, materials, and other writings prepared by Service Provider under this Agreement shall be promptly delivered by Service Provider to the City at the address provided in Paragraph 10. Service Provider shall be entitled to compensation for the performance of any unreimbursed services satisfactorily performed by it prior to the date of termination. In the event of termination of this Agreement due to breach by Service Provider, the City shall retain all remedies available to it, and the City shall be relieved from payment of any fees with respect to the services of Service Provider which gave rise to such breach.

7. Independent Contractor.

- A. The relationship between Service Provider and the City shall be that of an independent contractor. Nothing herein shall in any way make or create any employer-employee relationship between the City and Service Provider. Except for compensation provided in Paragraph 3 of this Agreement, Service Provider's employees shall not be entitled to any compensation or rights or benefits of any kind whatsoever from the City, including without limitation, tenure rights, medical and hospital care, sick and vacation leave, Worker's Compensation, Unemployment Insurance, disability or severance pay and P.E.R.A (Public Employees Retirement Association). Further, the City shall in no way be responsible to defend, indemnify or save harmless Service Provider from liability or judgments arising out of acts or omissions of Service Provider or its employees while performing the work specified by this Agreement.
- B. The parties do not intend by this Agreement to create a joint venture or joint enterprise, and expressly waive any right to claim such status in any dispute arising out of this Agreement.
- C. Service Provider expressly waives any right to claim any immunity provided for in Minnesota Statutes Chapter 466 or pursuant to the official immunity doctrine.

8. Indemnity.

To the extent allowed by law, Service Provider shall defend, indemnify and hold the City and its employees, officers, and agents harmless from and against any and all cost or expenses, claims or liabilities, including but

not limited to, reasonable attorneys' fees and expenses in connection with any claims resulting from the Service Provider's a) breach of this agreement or b) its negligence or misconduct or that of its agents or contractors in performing the Services hereunder or c) any claims arising in connection with Service Provider's employees or contractors, or d) the use of any written materials supplied by the Service Provider to the City unless such material was modified by the City and such modification is the cause of such claim. This Section shall survive the termination of this Agreement for any reason.

9. Insurance.

A. Service Provider shall provide the following minimum amounts of insurance from insurance companies authorized to do business in the state of Minnesota.

- (1) Workers' compensation insurance in accordance with the laws of the State of Minnesota.
- (2) Public Liability and Automobile Liability Insurance with limits not less than \$1,500,000 Single Limit, and twice the limits provided when a claim arises out of the release or threatened release of a hazardous substance; shall be in a company approved by the City; and shall provide for the following: Liability for Premises, Operations, Completed Operations, Independent Contractors, and Contractual Liability. An umbrella policy with a "following form" provision is acceptable if written verification is provided that the underlying policy names the City as an additional insured.
- (3) Professional Liability Insurance in an amount not less than \$1,500,000 Single Limit; provided further that in the event the professional malpractice insurance is in the form of "claims made," insurance, 30 days' notice prior to any cancellation or modification shall be required; and in such event, Service Provider agrees to provide the City with either evidence of new insurance coverage conforming to the provisions of this paragraph which will provide unbroken protection to the City, or, in the alternative, to purchase at its cost, extended coverage under the old policy for the period the statute of repose runs; the protection to be provided by said "claims made" insurance shall remain in place until the running of the statute of repose for claims related to this Agreement.
- (4) The City shall be named as an Additional Insured under the Public Liability and Automobile Liability policies, or as an alternate, Service Provider may provide Owners-Contractors Protective policy, naming itself and the City. Service Provider to provide Certificates of Insurance evidencing such coverage with 30-days notice of cancellation, non-renewal or material change provision. Such certificate will be provided prior to execution of this Agreement and certificates showing continued maintenance of such insurance shall be on file with the City during the term of this Agreement. Service Provider shall also provide evidence of Professional Liability Insurance and Statutory Minnesota Workers' Compensation Insurance prior to execution and during the term of this Agreement. The City does not represent or guarantee that these types or limits of coverage are adequate to protect the Service Provider's interests and liabilities.
- (5) The use of an ACORD form as a certificate of insurance shall be accompanied by two forms (a) ISO Additional Insured Endorsement (CG-2010 pre-2004) and (b) Notice of Cancellation

Endorsement (IL 7002); or their equivalent as approved by the Duluth City Attorney's Office.

- B. The insurance required herein shall be maintained in full force and effect during the life of this Agreement and shall protect Service Provider, its employees, agents and representatives from claims and damages including but not limited to personal injury and death and any act or failure to act by Service Provider, its employees, agents and representatives in the negligent performance of work covered by this Agreement.

10. Notices.

Notices shall be sufficient if sent by regular United States mail, postage prepaid, addressed to the City as follows: City of Duluth, Attn: Business Resource Manager, 402 City Hall, Duluth, Minnesota 55802; and addressed to Service Provider as follows: Barr Engineering Co., 332 W. Superior Street, Suite 600, Duluth, MN 55802, or to such other persons or addresses as the parties may designate to each other in writing from time to time.

11. Laws, Rules and Regulations.

Service Provider agrees to observe and comply with all laws, ordinances, rules and regulations of the United States of America, the State of Minnesota and the City with respect to their respective agencies which are applicable to its activities under this Agreement.

12. Choice of Law.

This Agreement, together with all of its paragraphs, terms and provisions is made in the state of Minnesota and shall be construed and interpreted in accordance with the laws of the State of Minnesota. The appropriate venue and jurisdiction for any litigation hereunder shall be in a court located in St. Louis County, Minnesota. However, litigation in the federal courts involving the parties shall be in the appropriate federal court within the State of Minnesota.

13. No Third Party Rights.

Nothing in this Agreement confers or purports to confer on any third party any benefit or any right to enforce any term of this Agreement.

14. Severability.

In the event any provision herein shall be deemed invalid or unenforceable, the remaining provisions shall continue in full force and effect and shall be binding upon the parties to this Agreement.

15. Immunity.

Nothing in this Agreement shall be construed as a waiver by the City of any immunities, defenses, or other limitations on liability to which the City is entitled by law, including but not limited to the maximum monetary limits on liability established by Minnesota Statutes, Chapter 466.

16. Entire Agreement.

This Agreement, including Exhibit A, constitutes the entire Agreement between the City and Service Provider and supersedes all prior written or oral agreements and negotiations between the parties relating to the subject matter hereto.

IN WITNESS WHEREOF, the parties have hereunto set their hands the day and date first below shown.

**Re: Phase II Investigation Proposal and Cost Estimate Former
Franklin Foods Production Facility
Duluth, Minnesota**

Dear Ms. Timm-Bijold:

Barr Engineering Company (Barr) is pleased to submit this proposal and cost estimate for conducting a Phase II environmental investigation at the former Franklin Foods production facility (Property) in Duluth, Minnesota. The proposed Phase II Sampling and Analysis Plan (SAP) was approved by the United States Environmental Protection Agency (EPA) on August 30, 2016. We understand that the City of Duluth (the City) will assist the Evans Family Distillery, LLC (Developer) with the proposed redevelopment of the Property into a commercial distillery and sampling room by providing previously-secured EPA grant funding for environmental assessment activities. We understand that Barr will conduct the environmental assessment activities under the terms of new contract that will be reviewed by the Duluth City Council on September 12, 2016. The new contract will fall under Barr's continuing Professional Services Agreement with the City of Duluth.

Project Background

The Property is half a city block (1.3 acres) in the Lincoln Park neighborhood of Duluth. The Property consists of a dairy production facility, a garage, and paved parking areas. Historically, the Property and surrounding properties have been occupied by residences and commercial businesses (e.g. black smith, laundry facilities, filling stations, auto repair facilities) for over 100 years. Most recently, the Property has operated as a food processing and distribution facility. The Property is currently vacant. Potential contamination originating from these historical operations and buried fuel tanks have been identified at and near the site in a Phase I Environmental Site Assessment (Phase I ESA) completed by Environmental Troubleshooters in 2016 and further outlined in the Phase II SAP prepared by Barr in 2016. The purpose of the proposed Phase II Investigation is to identify whether contamination is present at the Property so that the Developer understands the potential risks and hazards associated with the purchase and occupancy of the Property.

The costs associated with the proposed Phase II Investigation activities will be paid for by a cooperative agreement between the City and EPA, which utilizes a Community Wide Assessment Grant (U.S. EPA Grant Number: 00E01360; "Grant"). The activities outlined in the SAP is the basis for the investigation project scope described below.

Scope of Work

The scope of the proposed Phase II Investigation includes:

Phase II Investigation

- Meeting with the City and the Developer to discuss the proposed redevelopment and the proposed investigation plan.
- Preparing a site specific Project Health and Safety Plan (PHASP).
- Coordinating and contracting with a driller and coordinating with the laboratory.
- Complete the Phase II Investigation as described in the SAP and the associated EPA-approved Quality Assurance Project Plan (QAPP) update. This includes the advancement of soil borings and the collection of soil, water, and vapor samples.
- Preparing a report of the methods, findings, and conclusions. If contamination is encountered, the report may be submitted to the MPCA and would be used to guide potential additional investigation activities or response action plans for the Property.
- Meeting with the City and the Developer to discuss findings and recommendations.

Assumptions:

The scope of work includes the following assumptions:

- The EPA accepts the proposed SAP revision.
- The investigation and sampling activities will follow the EPA-approved SAP.
- The Property owner will provide access to the Property and buildings.
- Each proposed boring location will be accessible to the drill based on site conditions and location of the identified utilities.
- Field work will take up to two 10-hour days to complete.
- There will be no significant project delays due to issues with site access, utility locates, or weather.
- Groundwater is 8 to 12 feet below ground surface.
- Boreholes will be abandoned in accordance the MDH well codes.
- Laboratory costs are based on the 2016 rates and standard turnaround time (up to 10 days).
- Contingency costs associated with the characterization and disposal of contaminated material generated during the investigation have been included in the project costs.

- Our estimated time includes up to two one-hour meetings with the City and the Developer to discuss the proposed redevelopment and the results of the investigation.
- The purpose of this phase of the Phase II investigation is to identify whether contamination is present at the site. Additional investigation activities may be required to delineate contamination if it is identified.
- If contamination is identified, the MPCA will be notified by the Property owner upon receipt of the final Phase II Investigation report.

Cost Estimate

Barr estimates that cost of the proposed investigation will be **\$50,000**. Approximate project costs are summarized below:

PROJECT EXPENSE	COST
Barr Labor and Expenses	\$30,000
Drilling Subcontractor	\$10,000
Laboratory Sample Shipping and Analysis	\$8,000
Waste Characterization and Disposal Contingency	\$2,000
ESTIMATED PROJECT TOTAL	\$50,000

The final project costs will be dependent on conditions encountered in the field, the actual costs of the subcontractors (the driller and laboratory), and the contaminated material disposal costs. Barr's costs will be charged on a time and materials basis in accordance with our Professional Services Agreement and our current fee schedule. Subcontractor costs paid for by Barr will include a 7% markup.

This agreement will be between three parties: Barr, the City, and the Developer. The City will pay for the first \$50,000 of the project costs and the Developer will pay all costs in excess of \$50,000. Barr will provide on-going status reports regarding scope and budget to the City and the Developer during the project implementation. If the requested project costs exceed the amount of the proposed budget, Barr will communicate this to the City and the Developer and the parties will determine how to proceed with the project. If additional Barr support is requested outside the above described scope, the scope and cost of the work will be discussed with the City and Developer and will not proceed without their approval.

Schedule

Upon the Cities approval of this proposal and cost estimate, Barr will begin the investigation coordination with the understanding that a new contract with the City of Duluth must be reviewed and approved by the City Council on September 12, 2016 prior to the initiation of field work. Assuming this agreement is signed in the September 12, 2016 meeting, Barr will tentatively plan to conduct the field investigation the week of September 19th, 2016. If the schedule changes due to subcontractor schedules outside of Barr's control, Barr will communicate this as soon as possible. Barr will provide a summary report within approximately ten business days of receiving the laboratory data.

This scope of work and your authorization of the scope will remain in effect for the duration of the services unless earlier terminated by either you or us. We will inform you of our progress by email or phone conversations. We estimate that the investigation and subsequent reporting and meeting activities described in this proposal will be completed by October 21, 2016.

We understand you have the authority to direct us. We will direct communications to you at the address on this letter. Direction should be provided to me at the letterhead address.

If this proposed scope and budget is satisfactory, please let us know whether we can proceed with the investigation preparation and coordination and please let us know if there are any changes to the City's review and approval of the investigation activities. If you have any questions or comments, please feel free to contact me at (218) 529-8234 or by email at edott@barr.com or contact Ryan Erickson at (218) 529-7112.

Sincerely yours,
