## Interests & Experiences

## Why are you interested in serving on a board or commission?

---

I am very interested in Duluth's historic fabric and preserving it for future generations. Through my educational and professional experiences, I have a passion for historic architecture as well as landscapes. I have my Masters of Science in Historic Preservation, have worked in the Minnesota Historical Society's Facilities and Risk Management-Historic Properties Department, and worked at Nebraska's State Historic Preservation Office. I was the state coordinator for the National Register of Historic Places at Nebraska's State Historic Preservation Office and I also worked with their Certified Local Governments. In addition, I have worked with the Minnesota's State Historic Preservation Office. Through these experiences, I have skills in architectural design, working in communities on historic preservation projects and conservation work on historic structures. I believe I can be a great asset to Duluth's Heritage Preservation Commission.
