WHEREAS, the City is the recipient of an Office of Justice Programs Award, No. 15PBJA-21-GG-04578-COAP ("Award") from the U.S. Department of Justice (Document A), pursuant to which City is to act as the fiscal agent for funds to be used for the operation of the City of Duluth FY 2021 BJA FY 21 Comprehensive Opioid Stimulant and Substance Abuse Site-based Program (COSSAP) (hereinafter referred to as the "Project"), as further described herein; and

WHEREAS, pursuant to the terms of said Award, the parties will use the funds to improve, expand, and evolve the Lake Superior Substance Use Diversion and Response Team to assist more individuals struggling with opioid, methamphetamine and other drug-related overdose events, promote quicker access to the Response Team, increase outreach, and increase access to chemical dependency assessments; and

WHEREAS, to achieve the identified goals, the parties will engage a full-time Licensed Alcohol and Drug Counselor who will provide immediate Rule 25 assessments to program participants for an additional year, and retain Researcher for an additional year to continue supporting the Project coordinator in the collection and analysis of data relevant to the goals of the Project and help troubleshoot any problems that arise, and also hire an additional 1.5 peer recovery specialist; and

WHEREAS, the parties hereto have deemed it desirable to enter into an agreement memorializing the parties' understanding.

NOW, THEREFORE, in consideration of the mutual covenants and conditions hereinafter contained, the parties hereto agree as follows:

ARTICLE I

Scope of Professional Services

A. CADT: CADT agrees that it will carry out its responsibilities and provide those professional services in support of the Project as are outlined in the above-referenced Award. These services specifically include supplying a full-time Licensed Alcohol and

Drug Counselor (LADC) who will provide immediate (within 24 business hours) Rule 25 Assessments to all program participants, whether through police referral, self-referral, jail in-reach, or overdose outreach, regardless of residency or insurance. The LADC will also provide counseling to clients engaged by the Substance Use Diversion and Response Team. CADT will provide these services during the grant budget period from 10/01/2023 through 9/30/2024.

B. RESEARCHER: Researcher agrees that it will carry out its responsibilities and provide those professional services in support of the Project as are outlined in the above-referenced Award. These services specifically include assisting the Lead Peer Specialist with tracking responses to overdose survivors. The Researcher will survey individuals who receive training through the Lake Superior Diversion and Substance Use Response Team in order to assess the effectiveness of training. The Researcher will support the Lead Peer Specialist in collecting, compiling and analyzing the data from overdose contacts. The Researcher will provide ongoing analysis to assist in the identification of the problem, design of the solution, and evaluation of the proposed initiative. The Researcher will compile information to meet the Office of Justice Program's performance measurement data reporting requirements. The Researcher will support the Lead Peer Specialist in the collection and analysis of data relevant to the objectives and goals of the Project. This includes data collected by other agencies and data that originates more directly from this funding. The Researcher will work with the Lead Peer Specialist to address research questions, including the following:

1. Did the addition of the LADC increase access to Rule 25 assessments and reduce the time between contact and the Rule 25 assessment?
2. How well do the additional Peer Recovery Specialists integrate into the overall Lake Superior Diversion and Substance Use Response Team? Are there duplication of services? Are there barriers that prevent the Peer Recovery Specialist from conducting effective outreach?

In addition, the Researcher will provide active, ongoing assessment support to help troubleshoot any problems/issues that arise in the course of the Project and provide solutions to identified barriers. The Researcher will also bear the primary responsibility, with support from the Lead Peer Specialist and analyst, for creating a final report. The Researcher will provide these services during the grant budget period from 10/01/2023 through 9/30/2024.
