Summary of Code Requirements (reference section with a brief description):

UDC Section 50-19.8. Permitted Use Table. A Vacation Dwelling Unit is an Interim Use in an R-1 District.

UDC Sec. 50-37.10.B ... Council shall make, a decision to adopt, adopt with modifications or deny the application based on the criteria in subsection C below. The ... Council may impose appropriate conditions and safeguards, including but not limited to financial security pursuant to Section 50-37.1.P, a development agreement regarding the design, construction, and operation of the special use, to protect the Comprehensive Land Use Plan, to conserve and protect property and property values in the neighborhood and to ensure that all conditions of the special use permit will continue to met.

UDC Sec. 50-37.10.E ... the Council shall only approve an interim use permit, or approve it with conditions, if it determines that:

1. A time limit is needed to protect the public health, safety and welfare from potential longer term impacts of the requested use in that location or to allow the city time to develop a regulation addressing the potential longer term impacts of the requested use in that location;
2. The applicant agrees to sign a development agreement with the city confirming that (a) approval of the permit will not result in increased costs to the city if the property is later acquired by the city through eminent domain; (b) the use will be terminated at the applicant's expense on the date(s) stated in the permit, (c) the termination of the interim use as stated in the permit will create no rights to a nonconforming use and no rights to compensation for termination of the use or for the value of any structures of improvements related to the use, and (d) the applicant agrees to all conditions imposed by the city. No interim use permit shall be issued until a development agreement confirming these points is executed.

1-3-17

Comprehensive Plan Findings (Governing Principle and/or Policies) and Current History (if applicable):

Governing Principle #8 - Encourage mix of activities, uses, and densities
Governing Principle #5 - Strengthen neighborhoods

Future Land Use - Traditional Neighborhood: Characterized by grid or connected street pattern, houses oriented with shorter dimension to the street and detached garages, some with alleys. Limited commercial, schools, churches, and home-businesses. Parks and open space areas are scattered through or adjacent to the neighborhood. Includes many of Duluth's older neighborhoods, infill projects and neighborhood extensions, and new traditional neighborhood areas.

Finding: The site is developed consistent with the future land use above and the applicants are not proposing to alter that.

Note: Interim Use Permits are approved, approved with recommendations, or denied by the City Council by resolution after a public hearing is held by the Planning Commission. Interim Use Permits expire if the project or activity authorized by the permit is not begun within 1 year.

Discussion (use numbered or bullet points; summarize and attach department, agency and citizen comments):

- 1.) The applicant is applying for an Interim Use Permit for a vacation dwelling unit in an existing single family home. The minimum rental period shall not be less than 2 nights.
- 2.) The applicant owns a 40' x 100' lot on Minnesota Ave. According to St. Louis County records, the 2-story structure was built in 1899 and has a main floor sq. ft. of 1,172. It has 3 bedrooms so the maximum number of guests is 7.
- 3.) The applicant has a contract with St. Louis County to purchase a 40' x 100 lot (formerly tax forfeited) abutting their property to the rear where two gravel off-street parking spaces (and an occasional RV/trailer) are located and accessed from St. Louis Ave. Staff recommends that this purchase be completed by September 30, 2017 to ensure these parking spaces are retained.
- 4.) The applicant will be the managing agent (residing elsewhere in Duluth) and have designated Tim Wade (residing in Hermantown) as their backup. They have provided the contact info. to property owners within 100' of their property.
- 5.) Concerning the requirement for a dense urban screen: the applicant's property is bounded by a 6' tall fence on the north side of the back yard and a 6' tall fence on the south side of the deck. There is an area of the backyard beyond the deck that is not screened to the south side, however, the landowner, John Pegg has indicated that he does not want a fence in this location.
- 6.) The applicant has obtained an Operational Permit from the Fire Department, a Hotel/Motel License from City Clerk, and has filed with the State of MN and City of Duluth to pay the applicable taxes. The applicant has completed an inspection from the Minnesota Department of Health as part of the process for obtaining a Lodging License and will obtain the Lodging License if the Interim Use Permit is approved by the City Council.
- 7.) A time limit on this Interim Use is needed to minimize negative impacts to surrounding residential uses. Staff recommends that the City Council resolution of approval expire upon change in ownership of the property or in six years, whichever occurs first.
- 8.) The applicant must comply with Vacation Rental Regulations (attached), including maintaining a guest record, posting permit numbers where advertising, providing information to guests on City rules.
- 9.) Staff recommends conditions about beach access and quiet hours (see Staff Recommendations) which the Planning Commission has added to previous vacation rental permits on Minnesota Point.
- 10.) No public or agency were received. E-mail comment from neighbor Pegg that fence in backyard not needed.

Staff Recommendation (include Planning Commission findings, i.e., recommend to approve):

Based on the above findings, Staff recommends that Planning Commission recommend approval subject to the following:

- 1.) The Interim Use Permit shall not be effective until the applicant has provided evidence of all required licenses and permits.
- 2.) The applicant shall adhere to the terms and conditions listed in the Interim Use Permit document and provide evidence of compliance, which will be included in the resolution (guest record book; name, address, and phone number of local contact/managing agent to property owners within a 100 feet; rules of how the property can be used must be provided to guests including ordinances on parking, parks, pets and noise, and posting permit number on advertisements).
- 3.) The applicant must disclose to all guests, in writing, the location of the nearest legal access to the Lake Superior beach; and
- 4.) The applicant must disclose to all guests, in writing, that quiet hours shall be observed between the hours of 10 p.m. and 8 a.m.
- 5.) The applicants must complete the acquisition of the tax forfeited land by September 30, 2017 and provide evidence of the purchase to the Director of Planning and Construction Services.
- 6.) Any alterations to the approved plans that do not alter major elements of the plan may be approved by the Land Use Supervisor without further Planning Commission review consistent with the requirements of the UDC, Chapter 50.

Hi Dave and Mary -

I'm writing to let you know that we would prefer NOT to have any additional fencing between our homes. Having aaaaaaaaaaaaaaaaa fence between our garage and you back deck would inconvenience both of us in terms of access to our back lots and our driveway, and it would cause problems during the winter for snow removal. I have not found any of your guests to be intrusive or problematic and see no need of additional fences. Thank you
