Subject: Vote Against Evidentiary Hearing Resolution for PolyMet

Dear Councilor,

Mining created our community. Let's not forget that. Let's also not diminish the many hours and much money spent on research and development for a clean water process *that works and meets government standards*. Any opposition is on a political, uneducated, selfish basis. Let's use science, not emotions to make this decision.

I was born (in 1992) and raised in Duluth. I went to college in Duluth, and am now raising a family in Duluth. Our region needs this mine to continue to prosper. Our natural resources will not suffer. Please vote against this resolution and protect our established process.

I do not speak for my employer, but for myself and my family, although my employer believes the same way I do.

Thanks,

Bryn W. Johnston, E.I.T.
