Dear Councilors,

I urge you to not weigh in on any issues relating to the permitting process for PolyMet. This entire process has been vetted to date, more so than any other previous proposed mining project in the history of the Iron Range and the State of Minnesota.

Your duties and responsibilities are to the citizens of the City Of Duluth and your time and energy should not be spent on resolutions that do not have a binding effect and are to be decided on a State level.
