Subject: Vote Against Evidentiary Hearing Resolution for PolyMet

I urge you to vote against the resolution for an evidentiary hearing for PolyMet and protect our established process. This is something that the State agencies are working on and is nothing more than a ploy to drag out the end results. Hearing after hearing and it's always the people trying to kill anything that creates jobs in Northern Minnesota. From mining to pipelines, regardless of it being shown to be safe. Enough with the hearings and support the process that Minnesota has used for decades.
