## Interests & Experiences

## Why are you interested in serving on a board or commission?

---

I would like to serve my city and share my passion for fairness, equal opportunity, equality and prosperity for all. I believe social justice is important and would like the city to achieve the Mayor's goals of racial justice and human rights for everyone in the community. I have training in non-violent conflict resolution, I used to support dialogue between parties in conflict (former Yugoslavia), monitor for human right violations and strongly believe in the need to advocate to end abuse or injustice of any kind. These skills might be useful for the commission. I am an immigrant to this country (after having lived in several other countries) and believe I have a unique perspective to offer.
