JOB REQUIREMENTS

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skills, and abilities required.

1. Education & Experience Requirements
 - A. Certification by the Joint Apprenticeship and Training Committee (JATC) upon completion of the apprenticeship or training program which is approved by the JATC; promotion to the classification of Utility Services Specialist Journeyperson shall be effective upon such certification.
2. License Requirements
 - A. Minnesota Driver's License or equivalent.

3. Knowledge Requirements
 - A. Knowledge of the principles, methods, equipment, and materials used in water and gas utility service work, gas venting, and gas plumbing repairs.
 - B. Knowledge of usability testing of water and gas lines.
 - C. Knowledge of applicable safety precautions and safe work methods.
 - D. Basic knowledge of State and City codes for plumbing, wiring, and venting.
 - E. Knowledge of manufacturer codes and procedures.
 - F. Knowledge of situational de-escalation techniques when working with the public.
4. Skill Requirements
 - A. Skill in diagnosing and repairing water and gas service problems.
 - B. Skill in using hand and power tools.
5. Ability Requirements
 - A. Ability to obtain knowledge of the principles, methods, equipment, and materials used in gas equipment repair.
 - B. Ability to read schematic drawings.
 - C. Ability to diagnose electrical and mechanical malfunctions.
 - D. Ability to operate motorized equipment in inclement weather.
 - E. Ability to instruct and supervise subordinate employees.
 - F. Ability to develop and maintain effective working relationships with co-workers and the public.
 - G. Ability to read and interpret tools such as electronic multimeter, ruler, pipe locator, etc.
 - H. Ability to create and maintain a positive working environment that welcomes diversity, ensures cooperation, and promotes respect by sharing expertise with team members, fostering safe work practices, and developing trusting work relationships.
6. Physical Ability Requirements
 - A. Ability to use hand and power tools such as 24" pipe wrench, 3/8" hammer drill, cut-off saw, etc.
 - B. Will be subject to periodic random drug testing as required by the U.S. Department of Transportation, Pipeline Safety Regulations, Part 199.
 - C. Ability to attend work on a regular basis.
 - D. Ability to transport oneself to, from, and around sites of projects, tests, and other assignments.
 - E. Ability to work outside year-round.
 - F. Ability to work shift work.
 - G. Ability to work from ladders and scaffolds.
 - H. Ability to lift, carry with assistance, and position tools and equipment weighing up to 100 pounds.
