JOB REQUIREMENTS

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skills, and abilities required.

1. Education & Experience Requirements
 - A. Three (3) years of experience as a municipal construction inspector.
2. License Requirements
 - A. Possess and maintain a valid Minnesota driver's license or privilege.
 - B. Possess and maintain certification as a Minnesota Building Official.
 - C. Certification as a Plans Examiner or Construction Inspector preferred.
3. Knowledge Requirements
 - A. Extensive knowledge of Minnesota Building Code and other related codes, ordinances, laws, regulations and manuals governing building construction, installation and repair.
 - B. Extensive knowledge of safe and proper methods of building construction, installation and repair.
 - C. Extensive knowledge of architectural design principles and building construction methods.
 - D. Extensive knowledge of construction materials and their appropriate uses.
 - E. Knowledge of proper inspection methods and procedures.
 - F. Knowledge of legal procedures involved in the enforcement of building codes and ordinances.

- G. Knowledge of precautionary, safety and fire prevention methods involved in construction work.
- ~~H.~~ Knowledge of code requirements and inspection methods in related construction trade areas.

~~H.I.~~ Knowledge of effective leadership and personnel practices.

4. Skill Requirements

- A. Skill in inspecting structures and construction materials for adherence to regulations, requirements, ordinances, and procedures.
- B. Skill in reading and interpreting legal descriptions, building plans, specifications, and technical codes, and ordinances.
- C. Skill in estimating construction costs, including materials, and labor, and completion schedules.

5. Ability Requirements

- A. Ability to establish and maintain effective working relationships with contractors, workers, supervisors, peers and the general public.
- B. Ability to read and write reports regarding inspections and permits.
- C. Ability to maintain accurate and complete records, both paper and computer.
- D. Ability to effectively communicate with individuals and groups, both verbally and in writing.
- ~~E.~~ Ability to interpret safety rules and apply them to various hazardous situations.
- ~~F.~~ Ability to set expectations and provide training in safe and proper work methods, development, and coaching for employees in conjunction with the supervisor.
- ~~G.~~ Ability to create and maintain a positive working environment that welcomes diversity, ensures cooperation, and promotes respect by sharing expertise with team members, fostering safe work practices, and developing trusting work relationships.
- ~~H.~~ Ability to maintain confidential information.
- ~~I.~~ Ability to use good judgment in decision-making.
- ~~J.~~ Exhibits leadership qualities of dependability and accountability.

~~6.~~ Physical Ability Requirements

~~7.6.~~

- A. Ability to frequently walk and climb, and to occasionally stoop, kneel, crouch, crawl and reach overhead in order to conduct inspections inside and outside of buildings.
- B. Ability to see well enough to perform duties such as trace plumbing and color-coded wires; gauge sizes, distances and physical relationships; place items accurately; read and interpret blueprints and technical manuals; use a computer; and operate a vehicle.
- C. Ability to occasionally lift and carry items up to 40 pounds such as ladders for conducting overhead inspections.
- ~~D.~~ Ability to work outside in inclement weather.
- ~~D.E.~~ Ability to transport oneself to, from, and around work sites of projects, tests, and other assignments.
- ~~E.F.~~ Ability to attend work on a regular basis.

* ~~Essential functions of the position~~
