MEMO

To: City Council
From: Adam Fulton, Deputy Director
Date: May 7, 2019
Re: Imagine Duluth 2035 Annual Report
Indicators Report & Implementation Actions Report

The adoption of the Imagine Duluth 2035 comprehensive plan update included a description of an annual report from the Planning Commission to the City Council. The annual report, described in the Metrics & Measurements chapter of the plan, states:

Subsequent to Imagine Duluth 2035's adoption, the Community Planning Division will report back annually to the community regarding progress on the identified indicators and implementation actions.

The Planning & Development division has developed the described reports, which are provided here as attachments. The reports evaluated by the Planning Commission, which recommended forwarding the annual reports to the City Council at its April 9, 2019 meeting.

The summary of implementation actions represents a general description of actions taken by the City and its partners toward implementation of the Comprehensive Plan. While Staff sought to make the implementation list as exhaustive as possible, it is possible that there are other actions underway within the City not on the list. Please reach out to Staff with any questions or recommendations for the Implementation Actions Report.

Paper copies of the Imagine Duluth 2035 Comprehensive Plan will be provided to City Councilors at the May 13, 2019 meeting. To view any of the plan more immediately, please go to www.imagineduluth.com/document to see the complete online version in PDF format.
