

Completion of the Cross City Trail is a state and local transportation priority that will ultimately connect the Lakewalk to the Munger Trail and establish a paved, accessible bike and pedestrian pathway from one end of the city to the other. At the state level, the Cross City Trail will connect the Gitchi Gammi State Trail on the north shore to the Munger State Trail. Nationally, the Cross City Trail provides an off-road improvement to the US Bicycle Route 41, which travels 315 miles from Canada to St. Paul.

A map depicting the Easement Area is attached as Exhibit C.
