

authorizing \$16,324 in matching funds from the Park Fund.

The City's EAB Management Plan calls for:

1. Removal of non-infected ash under 12 inches in diameter and all infected trees.
2. Replacement of those trees on a one-to-one basis.
3. Treatment of non-infected healthy ash greater than 12 inches in diameter.

This grant will be used to for the removal of 600 infected and declining ash that are over 16 inches in diameter that represent a significant and mounting hazard to people and property.
