be rezoned from Mixed Use-Business (MU-B) to Residential-Traditional (R-1).

Section 4. That the official zoning map of the City of Duluth as referenced in Chapter 50 of the Duluth City Code, 1959, is amended to read as shown in Attachment 1.

Section 5. That this ordinance shall take effect and be in force 30 days from and after its passage and publication.

STATEMENT OF PURPOSE: This ordinance provides a zoning change from Mixed Use Business (MU-B) and Residential-Traditional (R-1), to Mixed Use Neighborhood (MU-N) and Residential-Traditional (R-1), for several parcels in the Gary/New Duluth neighborhood.

This rezoning action is being done by the City of Duluth to address a discrepancy between the zoning map and the future land use map, and it is not in anticipation of any specific potential development, proposal, or project. The city is amending the zoning map throughout the city, and this is one of the many zoning projects, both large and small, being proposed to the planning commission over the next several months prior to the public hearing and adoption process for the Imagine Duluth 2035 Comprehensive Plan.

The future land use designation of the properties in Area C, between East Gary Street and East House Street along 95th Avenue West, is traditional neighborhood. It is characterized by grid or connected street pattern, houses oriented with shorter dimension to the street and detached garages, some with alleys. Limited commercial, schools, churches, and home-businesses. The future land use designation of the other two subject areas is neighborhood mixed use, which is a transitional use between more intensive commercial uses and purely residential neighborhoods. Includes conversions of houses to office or live-work spaces.

Based on the future land use designation of the subject properties, purpose statements of the R-1, MU-B, and MU-N zone districts, and the character of the surrounding neighborhood, rezoning to R-1 and MU-N is

appropriate for the subject properties.

On October 10, 2017, the Duluth city planning commission held a public hearing on the proposal as shown in Attachment 2, and voted 7 yeas, 0 nays, 0 abstentions, and 2 commissioners absent to recommend that the city council approve the rezoning requested for the following reasons:

- 1) R-1 and MU-N is the zone most reasonably able to implement the objectives of the Comprehensive Plan related to the proposed land use for this area.
- 2) The rezoning is consistent with the Comprehensive-Plan Future Land Use Map.
- 3) Material adverse impacts on nearby properties are not anticipated.

As the rezoning is from a residential district to a mixed use district, a motion to approve must prevail with an affirmative vote of 2/3 of the city council (per 50-37.3.B.3).
