Section 7. That the official zoning map of the City of Duluth as referenced in Chapter 50 of the Duluth City Code, 1959, is amended to read as shown in Attachment 1.

Section 8. That this ordinance shall take effect and be in force 30 days from and after its passage and publication.

STATEMENT OF PURPOSE: This ordinance provides for several zone district changes in the Irving and Fairmount neighborhoods in accordance with the 2017 Irving and Fairmount Brownfields Small Area Plan. The proposal is also consistent with the Comprehensive Plan.

This rezoning is not in anticipation of any specific development proposal; it is instead intended to update the zoning map to reflect the future land use designation. The Imagine Duluth 2035 Comprehensive Land Use Plan was adopted on June 25, 2018. The plan recommended 21 changes to the future land use plan. This area is addressed as Site 6; the map changes include opportunities for new residential and commercial development, including mixed-use redevelopment.

A portion of this amendment to the zoning map would change property from a residential district to a mixed use district, which would normally require an affirmative vote of 2/3 of the council. However, as this rezoning ordinance is the direct result of a study, and obtaining written consent of all the property owners would be impractical, a 2/3 vote is not required; a simple majority of the council is required to approve this ordinance.

On January 14, 2020, the Duluth city planning commission held a special public hearing on the proposal as described in Attachment 1, and voted 5 yeas, 1 nays, 0 abstentions, to recommend that the city council approve the rezoning requested for the following reasons:

- 1) The proposed zone districts are the most reasonably able to implement the objectives of the Comprehensive Plan related to the land use for this area.
- 2) Material adverse impacts on nearby properties are not anticipated.
- 3) The rezoning is consistent with the Comprehensive-Plan Future Land Use Map.
