A decision on the National Coastal Resilience Fund Grant application is expected before the end of the year. Due to the urgent need for repairs, work on this section of the Lakewalk must be completed this Fall.

STATEMENT OF PURPOSE: This resolution authorizes a contract with Veit & Company, Inc. for Lakewalk and shoreline damage repair from 4th Avenue East to 7th Avenue East for an amount not to exceed \$1,184,590.00.

The 360-foot section of the Lakewalk from 4th Avenue E to 7th Avenue E is in need of urgent repairs. The shoreline was severely damaged in the consecutive October 2017 and April 2018 storms. This section of the boardwalk has been undermined by waves, representing a significant public safety hazard and a significant vulnerability to additional storm damage. Repair will include stabilization of the shoreline and new pavement and boardwalk; project area shown in Exhibit A. This is part of a larger project that has been approved for state disaster recovery reimbursement. It is anticipated that approximately 75% of the total cost of this phase of work will be reimbursed by the state.

Purchasing issued an invitation to bid on August 23, 2018, and received four bids as listed below. Veit & Company, Inc. submitted the lowest responsive bid.
