STATEMENT OF PURPOSE: STATEMENT OF PURPOSE: Resolution approving a Greater Minnesota Legacy Grant application of \$3,300,000 to the Greater Minnesota Regional Parks and Trails Commission and Minnesota Department of Natural Resources for the Spirit Mountain

Recreation Area Renewal project. No match is required.

Spirit Mountain Recreation Area is designated as a park of regional significance and therefore eligible to receive Legacy Parks and Trails Funds. All designated facilities in the Minnesota regional system of parks and trails have completed a master plan that guides development and improvements. Improvements needed at Spirit Mountain include upgrades to the Main Chalet, the heart of all operations at the Recreation Area.

The Main Chalet is comprised of two connected but distinct structures: a badly deteriorated 1974 building to the south whose serious deficiencies will be addressed with a previous award of \$13 million of state funding from the Minnesota Legislature; and a newer, fundamentally sound, chalet building to the north whose lesser deficiencies would be addressed in part by the Greater Minnesota Legacy Grant application authorized here. If awarded, a Greater Minnesota Legacy Grant for partial renewal of the northern chalet structure would likely prioritize replacement of the building envelope and, funds permitting, the HVAC system.

Addressing the newer north end of the Main Chalet with a Greater Minnesota Legacy Grant, rather than the larger award from the Minnesota Legislature, is advantageous because the Legacy Grant, unlike the Minnesota Legislature award, can be used to partially renovate a building whereas the award from the Minnesota Legislature requires that any building improved to any degree with the aid of those funds must be comprehensively renovated, a level of improvement that is not necessary or affordable in the case of the newer north end of the Main Chalet.
