Section 2. That this ordinance shall take effect and be in force 30 days from and after its passage and publication.

STATEMENT OF PURPOSE: The Riverside Small Area Plan (SAP) recommendations support the establishment of zoning to better reflect the desired types of land uses. During the SAP process, stakeholders identified the desire for additional housing opportunities, commercial space to support the local neighborhoods needs and the needs of local recreational amenities. The future land use map was amended to reflect land use categories recommended in the SAP. The map generally calls for land use categories that will allow for a mix of commercial and residential use along both sides of Grand Avenue and Warwick Street. The map also suggests nodes of neighborhood commercial at Spring Street and also Riverside Drive.

The proposed rezoning reasonably relates to the future land use map designations of Urban Residential, Neighborhood Commercial and General Mixed Use. These changes in zoning will

regulate the types of uses that were envisioned for the area during the SAP process while minimizing potential negative impacts to surrounding area

This amendment provides a zoning change for the areas identified in Section 1.

On September 22, 2015, the Duluth planning commission held a public hearing on the plan and voted unanimously (7-0) to recommend that the city council approve the SAP.

On October 26, 2015 the Duluth city council unanimously passed resolution 15-0738R approving the Riverside Small Area Plan.

On January 12, 2016, the Duluth city planning commission held a public hearing on the proposal and voted 5 yeas, 0 nays, and 0 abstentions to recommend that the city council approve the rezoning requested.

The motion to approve the rezoning must prevail with an affirmative vote of 2/3 by the city council.
