STATEMENT OF PURPOSE: This resolution authorizes a new program for housing rehabilitation and the transfer of \$250,000 from the Community Investment Trust Fund to the Housing Investment Fund.

The program is for detached housing rehabilitation in the Strategic Investment Areas, Lincoln Park and Hillside. \$250,000 from the Housing Investment Fund will be matched by \$500,000 from the Community Development Revolving Loan Fund dedicated to rehabilitation of owner-occupied and rental properties. With investment expected between \$35,000 and \$45,000 per housing unit, it is intended that these funds will be sufficient to modernize or rehabilitate approximately fifteen to twenty housing units. Two-thirds of the eligible properties will be owned or occupied by low or moderate income residents (below 80% AMI); the Community Development Revolving Loan funds, which originated with the US Department of Housing and Urban Development, are only available on the basis of income eligibility. This program will be conducted by existing housing service providers in the community, including but not limited to Duluth HRA or One Roof Community Housing. Program eligibility will require a commitment of affordability or owner-occupancy prior to funds being committed.

Draft program guidelines are attached and will be finalized following program authorization. For properties entered into the new program, a funding agreement will be required following funding commitment. The housing service providers will be required to complete a scope of work for the housing rehabilitation prior to final approval. Funds will be provided based on the criteria of the agreement, and shall be disbursed on a reimbursement basis following completion of work.
