Resolution/Ordinance Cover Memo

Meeting Date: January 12, 2026

Council Agenda Item: 26-002R

Subject/Title: Amendment to existing LexisNexis agreement

Submitted By: Kerry Cronin-Jones

Recommendation: Approve

Previous Council Action: Last approved January 9, 2023

Background: Our existing agreement with LexisNexis includes access to two software platforms. The Accurint Virtual Crime Center (AVCC) is a secure online law enforcement tool that supports crime data sharing with the community, pattern analysis, crime mapping, predictive analytics and reporting. TraX is the next generation of investigative technology designed to help law enforcement solve cases more efficiently. For investigations involving cellphone location information, TraX allows investigators to securely analyze authorized call detail records and geolocation data in one place. This helps investigators identify leads faster, focus on relevant information, and reduce manual workload.

The current agreement has these two platforms renewing on different cycles. This amendment consolidates the existing cycle to one renewal date.

Budget/Fiscal Impact: These funds are already approved and budgeted for; this amendment consolidates the two existing agreements to one renewal cycle.

Necessary Action: Please approve.
